SUBJECT: Presentation of Fiscal Year 2009 Comprehensive Annual Financial Report.

1. BACKGROUND/HISTORY

Article 8, Section 8.01 of the City Charter requires preparation, as of the end of each fiscal year, a complete financial statement and report. The accounting firm of Pattillo, Brown, and Hill was selected in November 2009 by the City Council to perform the fiscal year 2008-09 annual audit in compliance with GASB34. The requirement has been complied with, and the auditors' opinion has been included in the report which is attached as an exhibit.

2. FINDINGS/CURRENT ACTIVITY

The financial statements attached present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Copperas Cove, Texas as of September 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

3. FINANCIAL IMPACT

None.

4. ACTION OPTIONS/RECOMMENDATION

City staff recommends the acceptance of the Comprehensive Annual Financial Report for fiscal year ending September 30, 2009.

PATTILLO, BROWN & HILL, L.L.P.
CERTIFIED PUBLIC ACCOUNTANTS ■ BUSINESS CONSULTANTS

To the Honorable Mayor and
Members of the City Council
City of Copperas Cove, Texas

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the City of Copperas Cove, Texas for the year ended September 30, 2009, and have issued our report thereon dated March 16, 2010. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and OMB Circular A-133

As stated in our engagement letter dated November 19, 2009, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions is not an objective of our audit. Also in accordance with OMB Circular A-133, we examined, on a test basis, evidence about the City's compliance with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" applicable to each of its major federal programs for the purpose of expressing an opinion on the City's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. As described in Note IV.D. to the financial statements, the City changed accounting policies related to other postemployment benefits (OPEB) by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, in 2009.

We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements include:

- Management's estimate of uncollectible accounts receivable
- Accumulated depreciation on capital assets
- Annual OPEB cost and net OPEB obligation

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. During the audit, the following adjustments were made:

- To accrue sales taxes, franchise taxes, and other taxes
- To accrue fines and fees receivable for Municipal Court
- To adjust utility accounts receivable and related allowance
- To record a liability for the net pension obligation
- To record a liability for the net OPEB obligation

Management has corrected all such misstatements.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 16, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the City’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the City’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the City Council and management of the City of Copperas Cove, Texas, and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of City Council
City of Copperas Cove, Texas

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Copperas Cove, Texas, as of and for the year ended September 30, 2009, which collectively comprise the City of Copperas Cove, Texas' basic financial statements and have issued our report thereon dated March 16, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Copperas Cove, Texas' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Copperas Cove, Texas' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Copperas Cove, Texas' internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City of Copperas Cove, Texas' ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City of Copperas Cove, Texas' financial statements that is more than inconsequential will not be prevented or detected by the City of Copperas Cove, Texas' internal control. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as Items 2009-1 and 2009-2 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by City of Copperas Cove, Texas' internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider Items 2009-1 and 2009-2 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Copperas Cove, Texas' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, City Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Pattillo, Brown & Hill, L.L.P.

March 16, 2010

PATTILLO, BROWN & HILL, L.L.P.
CERTIFIED PUBLIC ACCOUNTANTS ■ BUSINESS CONSULTANTS

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Mayor and
Members of the City of Council
City of Copperas Cove, Texas

Compliance

We have audited the compliance of the City of Copperas Cove, Texas (the “City”) with the types of compliance requirements described in the U. S. Office of Management and Budget (“OMB”) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2009. The City’s major federal programs are identified in the summary of auditors’ results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City’s management. Our responsibility is to express an opinion on the City’s compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City’s compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2009.

Internal Control Over Compliance

The management of the City of Copperas Cove, Texas, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Copperas Cove, Texas' internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Copperas Cove, Texas' internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Copperas Cove, Texas, as of and for the year ended September 30, 2009, and have issued our report thereon dated March 16, 2010. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the City of Copperas Cove, Texas' basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, others within the City, and appropriate federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Pattillo, Brown & Hill, L.L.P.

The accompanying notes are an integral part of this schedule.

CITY OF COPPERAS COVE, TEXAS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED SEPTEMBER 30, 2009

1. BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards (the “Schedule”) is prepared on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. REPORTING ENTITY

The City of Copperas Cove, Texas (the City), for purposes of the Schedule of Expenditures of Federal Awards, includes all the funds of the primary government.

3. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

The information included in the Schedule may not fully agree with other federal award reports that the City submits to granting agencies because, among other reasons, the award reports may be prepared for a different fiscal period and may include cumulative (from prior years) data rather than data for the current year only.

CITY OF COPPERAS COVE, TEXAS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED SEPTEMBER 30, 2009

Summary of Auditors' Results

Type of report on financial statements	Unqualified
Internal control over financial reporting: Material weakness(es) identified?	Yes
Significant deficiencies identified that are not considered to be material weakness(es)?	None reported
Internal control over major programs: Material weakness(es) identified?	No
Significant deficiencies identified that are not considered to be material weakness(es)?	None reported
Noncompliance which is material to the basic financial statements	None
Type of report on compliance with major programs	Unqualified
Findings and questioned costs for federal awards as defined in OMB Circular A-133	None
Dollar threshold considered between Type A and Type B federal programs	\$300,000
Low risk auditee statement	The Council was classified as a low-risk auditee in the context of OMB Circular A-133.
Major federal programs	Community Development Block Grant, CFDA #14.228 Staffing for Adequate Fire and Emergency Response Grant, CFDA #97.083

CITY OF COPPERAS COVE, TEXAS

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(Continued)
YEAR ENDED SEPTEMBER 30, 2009**

**Findings Relating to the Financial Statements Which are
Required to be Reported in Accordance With Generally
Accepted Auditing Standards**

Item 2009-1:

Condition: The City had not recorded receivables for sales taxes, franchise taxes, certain other taxes or municipal court fines and fees as of year-end or in prior years.

Effect: Related receivables, revenues and net assets were materially misstated. A prior period adjustment was required to restate beginning equity.

Cause: No procedures were in place to record these receivables.

Recommendation: Internal controls should be designed, implemented and maintained to provide reasonable assurance that all revenues that are susceptible to accrual are accrued at year-end. Information to record these accruals (net of an allowance for uncollectible accounts) should be maintained and readily available at year-end.

Contact Person Responsible
for Corrective Action: Wanda Bunting , Director of Financial Services

Management Response: City staff has worked diligently at implementing internal control procedures and year end close procedures to ensure compliance. Staff has improved the year end accounting close process considerably each year to include proper recording of all assets, liabilities, revenues, and expenditures. Although this finding was not brought to City staff's attention in a prior year, City staff inquired about the appropriateness of the sales tax and franchise revenues recording. Assurance of appropriate recording was provided to staff, thus no corrections were recorded. City staff will implement internal controls to assure that all revenues are accrued at year end in the future. Process and procedures to ensure compliance will be implemented in the following fiscal year.

(Continued)

CITY OF COPPERAS COVE, TEXAS

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(Continued)
YEAR ENDED SEPTEMBER 30, 2009**

**Findings Relating to the Financial Statements Which are
Required to be Reported in Accordance With Generally
Accepted Auditing Standards** (continued)

Item 2009-2:

Condition: Net receivables for ambulance services were overstated by over \$1.6 million. Additionally, net receivables for utilities were understated by over \$275,000.

Cause: No procedures had been implemented to regularly evaluate the adequacy and reasonableness of the allowance for uncollectible receivables.

Recommendation: Management should adopt a methodology for regularly evaluating the adequacy and reasonableness of the allowance for uncollectible accounts. Management should document the process to be used for estimating the allowance. This process should include performing analytical procedures and investigating any unusual results.

Contact Person Responsible
for Corrective Action: Wanda Bunting , Director of Financial Services

Management Response: The City has improved the accounting year end close process year after year and will continue to improve the process over the next year to include the review and evaluation of the adequacy and reasonableness of the allowance for uncollectable accounts. The process / methodology that was completed during the annual audit this year will be documented and implemented in the following fiscal year.

Findings and Questioned Costs for Federal Awards

None

CITY OF COPPERAS COVE, TEXAS

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

FOR THE YEAR ENDED SEPTEMBER 30, 2009

**Prior Year Findings Relating to the Financial Statements
Which are Required to be Reported in Accordance With
Generally Accepted Auditing Standards**

Comment: Significant accounting entries were required during the audit process in order to adjust the year end balances related to ambulance accounts receivable, construction in process, bond issuance costs, premiums, discounts and amounts deferred on refundings.

Current Status: This matter has been resolved. These entries were recorded prior to the start of audit fieldwork.

Prior Year Findings and Questioned Costs for Federal Awards

08-001: The City did not properly account for an advanced funding grant.
Federal Grantor: U. S. Department of Homeland Security
CFDA 97.074

Current Status: This matter has been resolved.

INTRODUCTORY SECTION

“The City Built for Family Living”

March 17, 2010

Honorable Mayor, Members of the City Council
and the Citizens of the City of Copperas Cove, Texas:

The comprehensive annual financial report of the City of Copperas Cove, Texas, for the fiscal year ended September 30, 2009, is hereby submitted. This report was prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) and audited in accordance with U.S. Generally Accepted Auditing Standards by a firm of licensed independent certified public accountants.

This report consists of management’s representations concerning the finances of the City of Copperas Cove. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Copperas Cove has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Copperas Cove’s financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Copperas Cove’s comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Copperas Cove’s financial statements have been audited by Pattillo, Brown & Hill, L.L.P., a firm of licensed independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Copperas Cove for the fiscal year ended September 30, 2009, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Copperas Cove’s financial statements for the fiscal year ended September 30, 2009, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the City of Copperas Cove as legally defined), as well as its component unit. Component units are legally separate entities for which the primary government is financially accountable. The Copperas Cove Economic Development Corporation meets the criteria to be included in this financial report, and is included as a Component Unit since the taxpayers approved the formation of this entity. In addition, the City Council approves the budget and bylaws and appoints its Board of Directors; thereby overseeing the ½ cent sales tax allocated for economic development.

Generally Accepted Accounting Principles require that management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This transmittal letter is designed to complement the Management’s Discussion and Analysis (MD&A) and should be read in conjunction with it.

GOVERNMENT STRUCTURE, LOCAL ECONOMIC CONDITION AND OUTLOOK

The City of Copperas Cove is a central Texas city located in Coryell, Bell and Lampasas counties on U.S. Highway 190. It is located approximately twenty-five (25) miles west of Interstate Highway 35 (IH-35). Copperas Cove is fortunately located on a main east-west line of the Santa Fe Railroad. There are approximately 17.1 square miles in the City's corporate boundaries.

The recorded history of Copperas Cove began in 1832, when it was still a part of the State of Coahuila, Mexico. The original central location of the City was approximately two (2) miles southwest of the present site, and in the late 1840's was used as a stop over to the Chisholm Trail. The natural basin, formed by five surrounding hills, provided a protected gathering place for cattle. The basin also had a large spring of water, which had a distinctive copper-like taste. These two factors lent themselves to the naming of the City - Copperas Cove. The City was founded in 1879, and incorporated on July 7, 1913. Copperas Cove is a home rule municipal corporation organized in and existing under the provisions of the Constitution of the State of Texas. The City's first Charter was adopted on January 20, 1979, and the City operates under a council-manager form of government.

Policymaking and legislative authority are vested in the City Council, which consists of a Mayor and a seven-member council who are elected for three-year terms. The City Council appoints a City Manager to administer the affairs of the City. The City Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees and hiring the City Manager. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the government, and for appointing directors.

The government provides a full range of services including police and fire protection; the construction and maintenance of city streets and infrastructure; and recreational activities and cultural events. In addition to general government activities, there exist other funds such as water and sewer, solid waste, and the golf course, which are operated under the proprietary fund concept, whereby user charges should insure adequate coverage of operating expenses and payments on outstanding debt.

Referred to as "the city built for family living," Copperas Cove is the largest city in Coryell County. It adjoins the western boundary of Fort Hood and is located 65 miles north of the state capital in Austin, 63 miles southwest of Waco, and 160 miles southwest of Dallas. Copperas Cove's population of approximately 29,998 has grown steadily since established in 1879. The City experienced significant growth in population and business activity during the early to mid 1990's, but encountered a slight leveling-off in fiscal year 1997-98. The experienced fast growth and subsequent slowing was evidenced by the fast rise in property tax base and sales tax receipts. Because of its convenient proximity to Fort Hood, many Copperas Cove citizens are affiliated with the Federal Government.

Fort Hood is home to the III Mobile Armored Corps. Fort Hood is the largest armored military installation in the free world. The post's southwest boundary is bordered by the City of Copperas Cove. This 335 square mile installation (214,351 acres) is the only post in the United States capable of stationing and training two armored divisions. Fort Hood is the Army's premier installation to train and deploy heavy forces, and plays a key role in Army modernization and testing of new equipment. Fort Hood is the largest single location employer in the State of Texas. Currently, the number of authorized troops is 44,000. Fort Hood has an estimated \$2.0 billion direct economic impact on the local area in the form of payroll, contracts, local purchases, and school aid. It is estimated that the total economic impact of Fort Hood on the local area is \$3.9 billion. The City's economy is primarily service-oriented, virtually tied in every way to the operations at Fort Hood.

Effects of the slumping national economy are having a slight impact on the City of Copperas Cove. The City is not encountering significant decreases in revenue or growth, but is experiencing significantly reduced growth from what was occurring in prior years.

The Copperas Cove Independent School District provides high quality education to its students and has attained a Recognized Rating from the Texas Education Agency (TEA). Additionally, for the 2009 academic school year, the District had nine recognized and three exemplary campuses. The District's peak enrollment rate increased by approximately 61 students during fiscal year 2008-09, primarily due to the return of military personnel to Fort Hood. The peak enrollment for fiscal year 2008-09 was 7,932 and operates the following facilities: one high school, an alternative learning center, two junior high schools, and eight elementary schools. All twelve campuses are accredited by the TEA. There are at least two private elementary schools located in the City. Central Texas College and Texas A&M University-Central Texas are located on a 560-acre campus at the eastern fringe of the city limits adjacent to Fort Hood and the City of Killeen. They provide secondary and graduate educational opportunities.

Effects of a slumping national economy appear to be slightly affecting residential and non-residential construction in the City of Copperas Cove. Total value of building permits issued from FY 2007-08 to FY 2008-09 decreased by \$6,585,214; however the City's Sales Tax revenues only reflected a slight decrease of \$12,401 below the FY 2007-08 revenue. Overall the City is maintaining adequate funding for expenditures and reserves as required by the fund balance policy. The total building permits issued during fiscal year 2008-09 totaled \$29,127,185. New residential construction made up \$18,637,515 of this amount while \$8,250,816 was related to new non-residential buildings, and new construction additions totaled approximately \$2,238,854.

Commercial development planned for 2010 includes the construction of a sixty unit assisted living facility valued at \$6 million and a 108 unit apartment complex on Constitution Drive. Residential development within the City includes the House Creek North Phase II and III development consisting of 295 and 320 lots respectively, Summers Place development located off Summers Road and adjoining the south side of House Creek North with 71 lots, Skyline Flats, Phase II single family development along west Big Divide Road south of Grimes Crossing Road with 103 lots, Skyline Ridge, Phase I with 45 lots, the single family development of Walker Place Phase 7, Sections 1 and 2 located off west U. S. 190 and consisting of 60 and 115 lots respectively, Thousand Oaks Addition III consisting of 52 single family lots located in the middle of the City just off U. S. Highway 190, and 130 lots are planned in the single family residential development known as Tonkawa Phase III located just west of the Walker Place Development on west U. S. Hwy 190.

Ad Valorem Taxes. Total assessed value within the City has increased by approximately 66 percent since fiscal year 2004. The fiscal year 2009 projections, based on data provided by the Coryell County Appraisal District, indicate a 10.0 percent growth in assessed value over fiscal year 2008 levels. However, fiscal year 2010 projections reflect a slight decline in assessed value which is partially attributed to the new property tax exemption for disabled veterans.

Sales Tax. Sales tax collections have increased by approximately 26.8 percent since fiscal year 2004. Collections for fiscal year 2009 have decreased by approximately 0.5 percent below fiscal year 2008 levels.

The City continued to monitor its service delivery and has implemented long-range plans to maintain and improve services through organization changes and personnel training. In addition, City management is committed to providing quality service through recruitment and retention of quality employees.

MAJOR INITIATIVES

At the end of the 2008-09 fiscal year, the City of Copperas Cove had a number of major projects ongoing that are worth noting. Additional information related to the capital improvement projects and funding for those improvements is located in the new Five-Year Capital Improvement Plan that was adopted by City Council in October 2009.

Currently, City Council and City staff are working to ensure completion of ongoing projects that will provide infrastructure improvements to the City's water/wastewater system, roadways and drainage systems. For numerous years, the City of Copperas Cove has pursued State funding for the construction of a Southeast Bypass that would reduce traffic congestion on U. S. Highway 190. The total cost of the 6.2 mile two-lane roadway is anticipated to be approximately \$55 million. The right-of-way purchases are expected to be complete in FY 2010. Continual progress is also being made to complete a land swap with neighboring Fort Hood. The land swap and Southeast Bypass are expected to be catalysts for major retail economic development on the east end of Copperas Cove.

Fort Hood, the Texas Department of Transportation and the City of Copperas Cove are working together to connect Tank Destroyer Boulevard with U. S. Highway 190 providing a northeast bypass from east U. S. Highway 190 to north FM 116. The project is funded and a groundbreaking ceremony is planned for the summer of 2010 and let of the construction contract in August/September 2010.

The water and sewer infrastructure needs for the retail development expected to result from the completion of the land swap and SE Bypass will be partially met with the recent completion of the East Pump Station project and the planned Northeast Sewer Line project, which was approved by voters in November 2008 as a general obligation bond proposition. A temporary funding agreement between the City and the Copperas Cove Economic Development Corporation and a reimbursement resolution approved by the City Council allowed the project to begin in February 2010, six months prior to the issuance of the general obligation bonds.

The land purchase for construction of a new police facility was completed in fiscal year 2006-07 with funding from the 2006 Limited Tax Notes and the design of the new station was completed in fiscal year 2007-08 with funding from the 2006 Limited Tax Notes and the 2007 Certificate of Obligation funds. Construction began in January 2009 with funding from the 2007 Certificate of Obligation funds and the completion of the City's new police facility was possible in February 2010 due to the 2009 General Obligation Bonds.

The 2008 Limited Tax Notes include funding for library renovations, land purchase for the relocation of fire station number two, a new golf cart storage facility and a Rolling Heights drainage project.

The 2008A Limited Tax Notes include funding for Bradford Drive road extension, CitySmart lighting upgrade, wastewater clarifier retrofit, Martin Walker area drainage, recycling center expansion and water tank rehabs.

The Lutheran Church Road street reconstruction and drainage project will be completed by August 2010 with the 2009 General Obligation Bonds.

Included in the 2009 Limited Tax Notes issue is funding for South Park Pool renovations, Wastewater West Clarifier Retrofit, Long Mountain Tank Rehab, Transfer Station Renovations and Transfer Station Tipping Floor Resurfacing, Recycling Center Expansion, and renovations to the Allin House and the Civic Center.

ACCOMPLISHMENTS

During fiscal year 2009, the City invested in a number of programs and services that make Copperas Cove a better community. The following are some of the efforts and accomplishments of the City during the year:

Police

- ◆ Conducted a National Night Out Event and a National Night Out Kick Off Party.

- ◆ Provided police protection during the Downtown Halloween Party.
- ◆ Conducted a Senior Health & Safety Day – SALT Program.
- ◆ Continued the Crime Stoppers Program, Kiddo Card Program, Neighborhood Watch Program, Gunlock Program, and Copperas Cove Citizens Police Academy Program.
- ◆ Continued providing crime prevention programs and distribution of safety materials.
- ◆ Continued Police involvement with the Copperas Cove Optimist Club.
- ◆ Continued participation with Special Olympics and the Torch Run.
- ◆ Continued the Tobacco Grant Program, tobacco stings, and business compliance inspections.
- ◆ Continued participation in the Bulletproof Vest Grant Program, the Justice Assistance Grant (JAG) and was awarded a Texas STEP – Click It or Ticket Grant.
- ◆ Participated in Coryell County Community Planning.
- ◆ Maintained quality police services to the community during times of personnel shortages.
- ◆ Maintained above average clearance rates in Part I & Part II crimes as compared to state averages.
- ◆ Participated in America’s Promise Job Shadow Day.
- ◆ Obtained funding for the construction of the new police facility.
- ◆ Held groundbreaking ceremony for the construction of new police facility.

Fire

- ◆ Coordinated the replacement of a fire engine with Coryell County.
- ◆ Provided free immunizations through the “Shots through the Firehouse” program.
- ◆ Identified and corrected life and fire safety hazards during annual inspections.
- ◆ Completed multiple training and certification courses for employee career development.
- ◆ Created an Arson Task Force to begin the process of clearing unsolved arsons from the annual uniform crime report.
- ◆ Created, in partnership with the Library, the “Fired Up About Reading Program” and the “Big Trucks Day.”

Community Services

- ◆ Implemented new ActiveNet Software for online registration and credit card payments.
- ◆ Installed new playground equipment at City Park and Kate Street Park.
- ◆ Installed four new shade structures, ten grills and ten picnic tables within the park system.
- ◆ Expanded adult recreational programming opportunities.
- ◆ Conducted two youth soccer leagues with 933 participants.
- ◆ Conducted Youth Baseball / Softball program with over 766 participants.
- ◆ Coordinated the 2009 Rabbit Festival Adult Softball Tournament.
- ◆ Installed new ball field lighting system on Fields 5 and 8.
- ◆ Conducted Youth Flag Football and Youth Tackle Football with 648 participants.
- ◆ Conducted Youth Basketball with 474 participants.
- ◆ Conducted British Challenger Soccer camp.
- ◆ Co-sponsored a community Thanksgiving dinner for over 300 participants.
- ◆ Hosted annual Easter Egg Hunt, Christmas Tree Lighting and Polar Bear Swim.
- ◆ Maintained accreditation by the Texas State Library & Archives Commission.
- ◆ Added 2,934 items to Library collection.
- ◆ Planned and conducted children’s programs for 8,502 attendees.
- ◆ Conducted a Summer Reading Program for children with 590 registered children.
- ◆ Provided computer access for 28,117 patrons and 1,541 WiFi users.
- ◆ Planned and conducted senior outreach for 2,304.
- ◆ Improved the library’s collection of genealogy materials with a special genealogy section.
- ◆ Created a designated Teen Area with books and materials of interest to Teens and Young Adults.

Public Works

- ◆ Continued to maintain a "Superior Water System" rating recognized by the Texas Commission on Environmental Quality (TCEQ).
- ◆ Continued to ensure all Federal, State and Local requirements were met.
- ◆ Completed the repairs / rehabilitation of the Water Storage Tank on Hughes Mountain.
- ◆ Completed Turkey Run Pump Station Rehabilitation (except for pump service).
- ◆ Completed construction of the East Pump Station and Tank.
- ◆ Completed effluent water line installation at the Golf Course.
- ◆ Completed rehabilitation of South Wastewater Plant Clarifier #1.
- ◆ Completed Repairs / Renovations to the Allin House.

OTHER INFORMATION

Fund Accounting: The City's accounting system is organized and operated on a "fund basis." Each fund is a distinct, self-balancing entity. A description of the various major funds and fund types is contained in Note I of the financial statements. A description of each individual non-major fund is contained at the beginning of its related combined financial statement.

Basis of Accounting: The City's accounting records for all governmental funds are maintained on the modified accrual basis of accounting. This method recognizes revenue when it is measurable and available and expenditures when goods or services are received. All proprietary funds are accounted for using the accrual basis of accounting; revenue is recognized when it is earned, and expenses are recognized when they are incurred.

Internal Control: Management of the City is responsible for establishing and maintaining an internal control structure. This structure is designed to provide reasonable, but not absolute, assurance that: (1) City assets are protected from loss, theft or misuse; and (2) City financial records and data are accurate and reliable. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from it, and that the evaluation of cost and benefits requires estimates and judgments by management.

Budgetary Control: Each year, on or before September 30, the City Council adopts an annual operating budget for the ensuing fiscal year. The operating budget includes anticipated revenues and expenditures for the General Fund, Special Revenue Funds, the Debt Service Fund and Proprietary Funds. The budget is a planning device that defines the type, quality and quantity of City goods and services that will be provided to our citizens.

The budget is also a control device that serves as a system of "checks and balances" between levels of City government. The budgetary system ensures that individual departments contain their expenditures within limitations set by the City management, and that City management contains expenditures for the entire City within limitations set by the City Council.

After adoption, changes to a departmental budget may be made through the use of line item transfers, initiated by a department head and approved by the City Manager and Director of Financial Services. Any changes to the budget outside of an individual department can only be made by a City Council ordinance or resolution. Any revisions that alter the total expenditures of any fund must be adopted by the City Council after formal public budget hearings.

Cash Management: Non-obligated cash during the year can be invested in demand deposits, money market funds, federal government securities and federal agency securities. The City earned interest revenue of \$185,076 on all investments for the fiscal year 2008-09.

The City's investment policies stress minimization of credit and market risks, while maintaining a competitive yield. Accordingly, City policy requires all deposits be either insured by federal depository insurance or collateralized. All collateral on deposits was held by the financial institution's correspondent bank's trust department in the City's name. All investments held by the City during the year, and at September 30, 2009, are classified in the best category of credit risk as defined by the Governmental Accounting Standards Board. Note III-A of the financial statements provides detail on the deposits and coverage.

Risk Management: The City participates in the Texas Municipal League (TML) insurance programs. These programs are not operated as "for profit" insurance companies. Rather, participating members (cities and other political subdivisions) join together under the State's inter-local contracting mechanism to provide self-insurance and group benefits for themselves, their officials, and their employees.

This participation allows the City to take advantage of self-insurance opportunities and large group policy purchasing power, which translates into cost savings and efficient claims handling.

The City currently obtains property, auto, liability, and workers' compensation insurance through TML. As a service to its members, TML also provides risk management and safety training consultations.

AWARDS AND ACKNOWLEDGMENTS

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Copperas Cove for its comprehensive annual financial report for the fiscal year ended September 30, 2008. This was the nineteenth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments: The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department, and all directors and department heads. We would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report. Due credit also should be given to the Mayor, and the City Council for their continued interest in planning and conducting the financial operations of the City in a responsible and progressive manner.

Furthermore, the work of the independent auditors from Pattillo, Brown & Hill, L.L.P. is greatly appreciated.

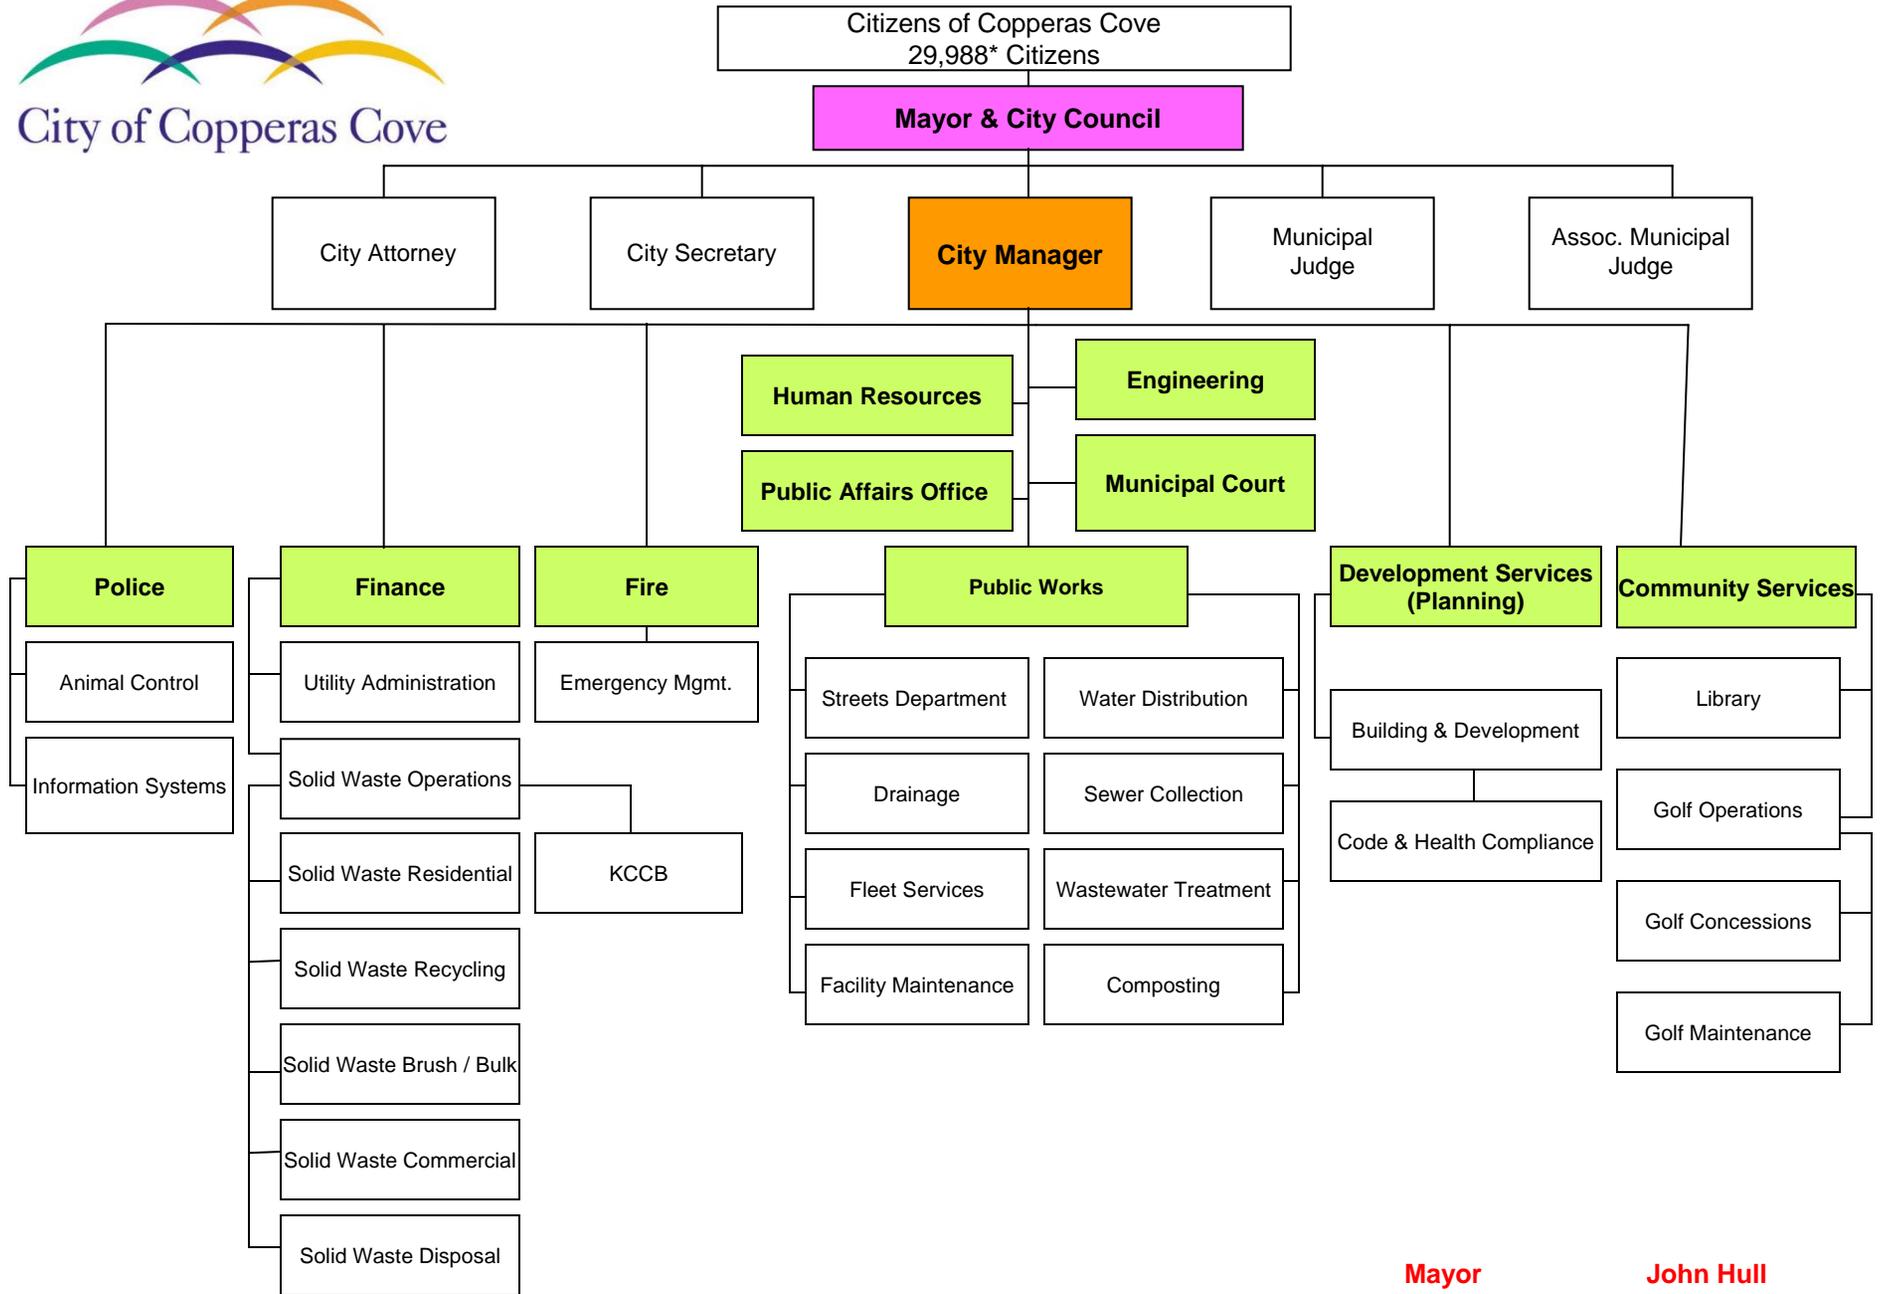

Respectfully submitted,

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of City Council
City of Copperas Cove, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Copperas Cove, Texas, as of and for the year ended September 30, 2009, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Copperas Cove, Texas' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Copperas Cove, Texas, as of September 30, 2009, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2010, on our consideration of the City of Copperas Cove, Texas' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 14 and 55 through 56, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Copperas Cove, Texas' basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Pattillo, Brown & Hill, L.L.P.

March 16, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Copperas Cove, Texas, we offer readers of the City of Copperas Cove's financial statements this narrative overview and analysis of the financial activities of the City of Copperas Cove, Texas for the fiscal year ended September 30, 2009. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-vii of this report as well as the City's financial statements beginning on page 15 and the accompanying notes to the financial statements.

Financial Highlights

- The total net assets of the City of Copperas Cove increased to \$53.1 million from the prior years \$50.6 million, an increase of 5.0 percent.
- As of September 30, 2009, the City of Copperas Cove's governmental funds reported combined ending fund balances of \$13.1 million, a decrease of \$1.4 million in comparison with prior year.
- At September 30, 2009, unreserved fund balance for the General Fund was \$5.0 million, or 36.5 percent of total General Fund expenditures. The unreserved fund balance includes \$1 million that has been designated for contingencies. Compared to prior year, unreserved fund balance increased 35.5 percent. The unreserved and undesignated fund balance was \$4.0 million, or 29.2 percent of total General Fund expenditures.

Overview of the Financial Statements

The City has implemented the Governmental Accounting Standards Board (GASB) Statement 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (the new model) with the financial statements for the year ended September 30, 2003. The new model contains a number of changes to the requirements for governmental reporting. The major changes are as follows:

- Government-wide reporting – while governments have traditionally focused reporting on groupings of funds (i.e. General Fund, Special Revenue Funds, Capital Project Funds, etc.), the new model also contains financial statements on a government-wide basis.
- Fund financial statements – the new model maintains governmental and proprietary fund financial statements, but the focus is on major funds within each fund type.
- New focus for governmental activities – in the government-wide financial statements all activities, including the governmental activities, are reported using the economic resource measurement focus and accrual basis of accounting. The traditional current financial resources focus and modified accrual basis of accounting are maintained for the governmental fund financial statements in the new model.
- Infrastructure reporting – the new model requires governments to report the value of infrastructure assets of governmental activities (roads, bridges, storm drainage systems, parks, etc.). The City completed implementation of this requirement in the

FY 2006-07 year end close process. The City has recorded infrastructure in the appropriate funds as it was built or donated over the years.

- Changes in budgetary reporting – the new model requires the display of both the original adopted budget and the amended budget in the budgetary comparison schedules. These schedules are only required for the general fund and major special revenue funds, although they may be presented for other funds as additional information. The City does not have any major special revenue funds.
- Required narrative analysis – the new model requires that the financial statements be accompanied by narrative introduction and analytical overview of the government’s financial activities in the form of “management’s discussion and analysis” (MD&A).

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City’s finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City’s assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the overall health of the City, other indicators, including non-financial indicators like the City’s property tax base and condition of infrastructure, should be considered.

The *statement of activities* presents information showing how the government’s net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The statement of activities distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, community services, fleet and facility maintenance, highways and streets, and public safety. The business-type activities of the City include water and sewer, solid waste and a golf course.

The government-wide financial statements can be found on pages 15-17 of this report.

Fund Financial Statements

Also presented are the traditional fund financial statements for governmental funds and proprietary funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Copperas Cove, Texas, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be used in evaluating a government’s near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains numerous individual governmental funds organized according to their type (special revenue, debt service and capital projects). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, 2007 Capital Improvement Certificates of Obligation Fund, and the 2009 Capital Improvement General Obligation Fund since they are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The City adopts an annual appropriated budget for the General Fund. Budgetary comparison statements have been provided for the General Fund to demonstrate compliance with the budget. The budgetary comparison schedules can be found on pages 55, and 69-84.

The basic governmental fund financial statements can be found on pages 18-21 of this report.

Proprietary funds – Proprietary funds are used to account for business-type activities of the City. Proprietary funds, like the government-wide statements, provide both long and short-term financial information. The City maintains one type of proprietary fund. Proprietary funds are used for activities that primarily serve customers outside the governmental unit for which fees are charged. The City has three enterprise funds: Water and Sewer Fund, Solid Waste Fund and Golf Course Fund. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 22-25 of this report.

Notes to the financial statements – The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 26-54 of this report.

Other information – The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required

supplementary information. Combining statements can be found on pages 58-68 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following tables, graphs and analysis illustrate the financial position and changes to the financial position for the City as a whole as of and for the year ended September 30, 2009.

Net Assets

The following table reflects the Condensed Statement of Net Assets as of September 30, 2009.

Condensed Statement of Net Assets

	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Current and other assets	\$ 15,884,806	\$ 18,726,820	\$ 10,313,303	\$ 11,323,706	\$ 26,198,109	\$ 30,050,526
Capital assets	33,322,474	23,419,849	48,177,204	45,530,047	81,499,678	68,949,896
Total Assets	49,207,280	42,146,669	58,490,507	56,853,753	107,697,787	99,000,422
Other liabilities	1,929,572	2,880,280	1,972,867	3,782,776	3,902,439	6,663,056
Long-term liabilities	22,814,412	16,064,848	27,893,272	25,701,451	50,707,684	41,766,299
Total Liabilities	24,743,984	18,945,128	29,866,139	29,484,227	54,610,123	48,429,355
Net assets:						
Invested in capital						
assets net of related debt	11,374,872	15,403,434	25,553,411	23,052,050	36,928,283	38,455,484
Restricted	5,812,263	709,379	1,075,085	901,595	6,887,348	1,610,974
Unrestricted	7,276,161	7,088,728	1,995,872	3,415,881	9,272,033	10,504,609
Total Net Assets	\$ 24,463,296	\$ 23,201,541	\$ 28,624,368	\$ 27,369,526	\$ 53,087,664	\$ 50,571,067

The City's combined net assets were \$53.1 million as of September 30, 2009. Of the \$53.1 million, \$24.5 million was in the governmental activities and \$28.6 million was in the business-type activities. The City's total net assets increased when compared to the prior year with an increase of \$2.5 million or 5.0 percent. The increase includes increases in governmental and business-type capital assets.

Net Assets consist of three components, investment in capital assets net of related debt, restricted net assets and unrestricted net assets. The first and largest portion of net assets (\$36.9 million or 69.5 percent) reflects the City's investment in capital assets, less any related debt used to acquire or construct the assets that are still outstanding. Compared to last year, the City's investment in capital assets net of related debt decreased \$1.5 million or 4.0 percent. The City uses the capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The second portion consists of restricted net assets totaled in at \$6.9 million at September 30, 2009 or 13.0 percent of overall total net assets. Restricted net assets represent resources that are subject to external restrictions on how they may be used. Restricted net assets increased \$5.3 million or 327.5 percent compared to September 30, 2008.

The third portion consists of unrestricted net assets totaled \$9.3 million or 17.5 percent of total net assets. Unrestricted net assets may be used to meet the City's ongoing obligation to citizens and creditors. Unrestricted net assets decreased \$1.2 million or 11.7 percent compared to September 30, 2008.

Changes in Net Assets. The City's total revenues for the fiscal year ended September 30, 2009 were \$29.3 million. Total revenues decreased when compared to the prior year by \$4.4 million or 13.0 percent. The City's total cost of all programs and services increased from the prior year's \$27.4 million to \$28.2 million, an increase of 3.0 percent. The following table presents a summary of the changes in net assets for the fiscal year ended September 30, 2009.

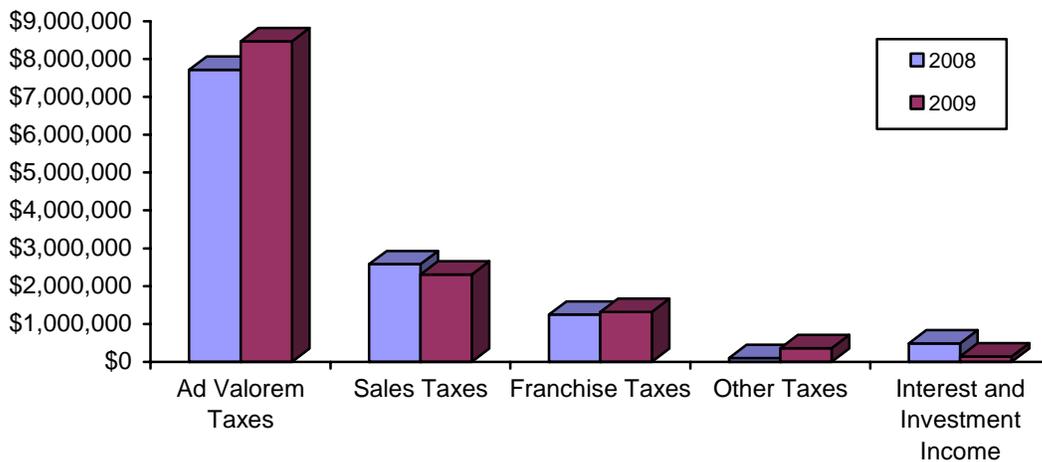

Changes in Net Assets

Net Assets - September 30	\$ 24,463,296	\$ 23,201,541	\$ 28,624,368	\$ 27,369,526	\$ 53,087,664	\$ 50,571,067

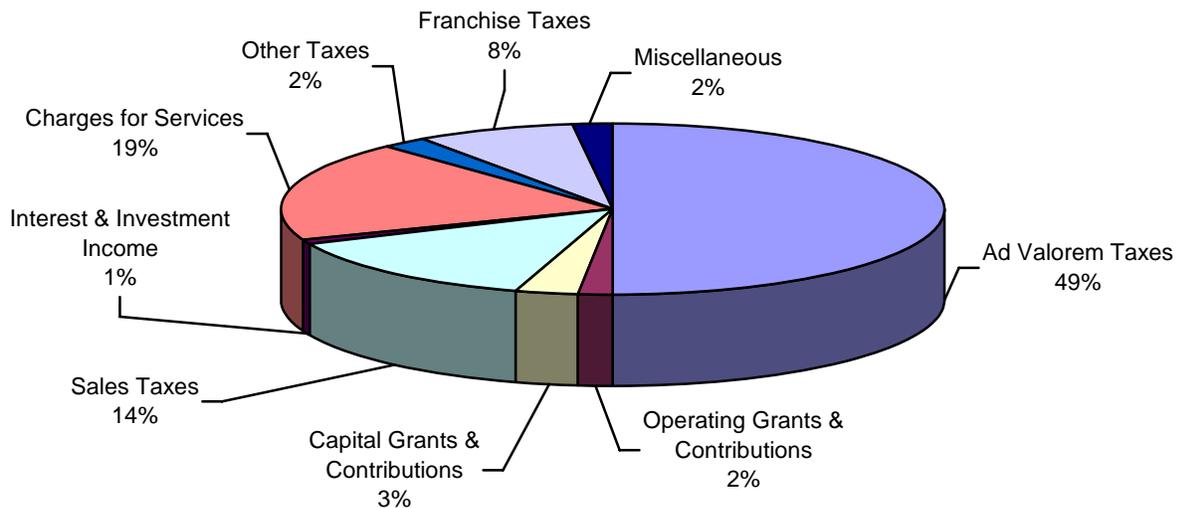

Program Revenues – Governmental Activities

Governmental Activities' revenues such as ad valorem, sales and franchise taxes are not shown by program, but are effectively used to support program activities citywide. Charges for services reflected the largest decrease when compared to the prior year with a decrease of \$1,532,985 or 32.4 percent. The specific decreases were in public safety and community service activities. Ad valorem taxes increased \$750,952, which is an increase of 9.7 percent compared to last year. Sales tax decreased by \$273,055 or 10.6 percent compared to last year partially due to proper recording of sales tax revenues and receivables in 2009. Interest and investment income showed a decrease compared to the prior year. Franchise taxes and other taxes showed increases compared to the prior fiscal year.

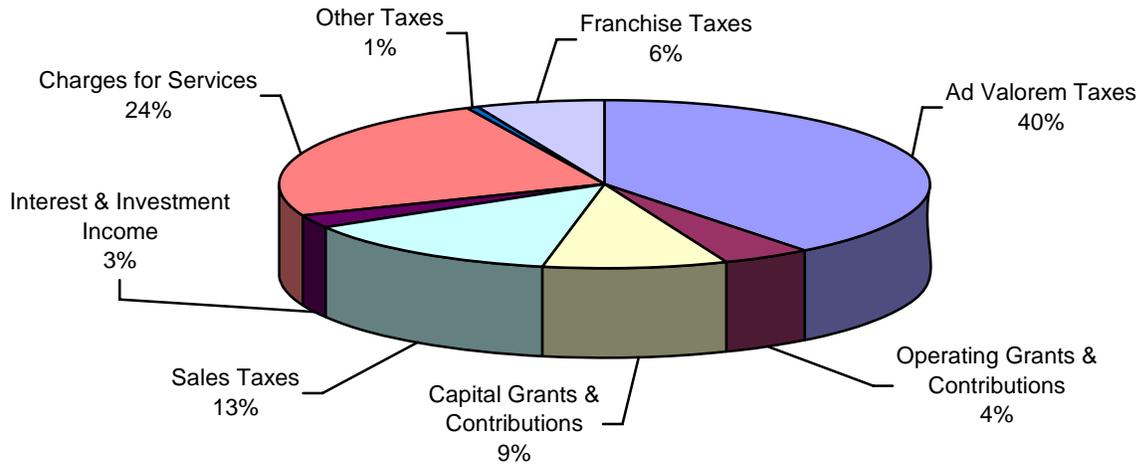

General Revenues - Governmental Activities

Revenues by Source – Governmental Activities - FY 2009

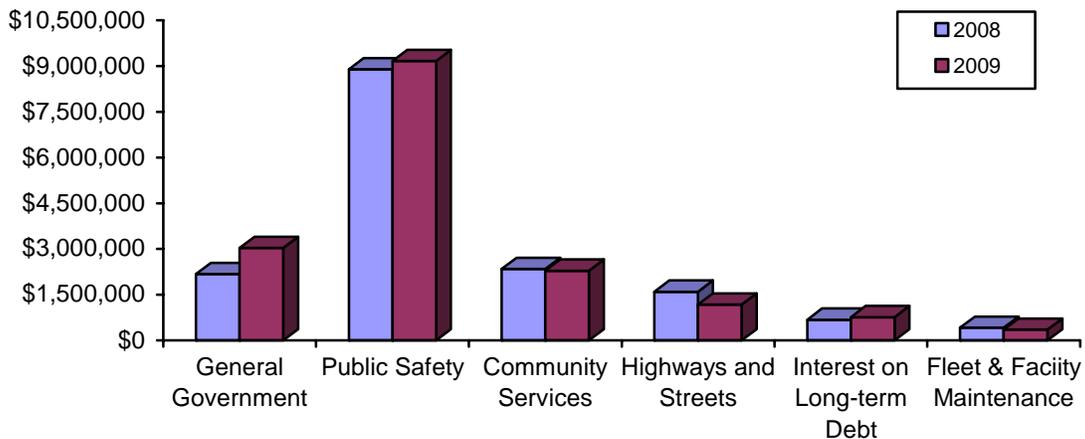

Revenues by Source – Governmental Activities - FY 2008

Program Expenditures – Governmental Activities

The Expenditures – Governmental Activities chart below illustrates the City’s governmental expenditures by function. As shown, public safety is the largest function in expenditures at \$9.2 million or 54.6 percent compared to the prior years \$8.9 million or 55.2 percent, followed by General Government \$3.0 million or 18.1 percent compared to prior year’s \$2.2 million or 13.5 percent. Community Services recorded \$2.3 million or 13.6 percent compared to prior year’s \$2.3 million or 14.6 percent. Highways and Streets recorded \$1.2 million or 7.0 percent compared to prior year’s \$1.6 million or 9.9 percent.

Expenditures - Governmental Activities

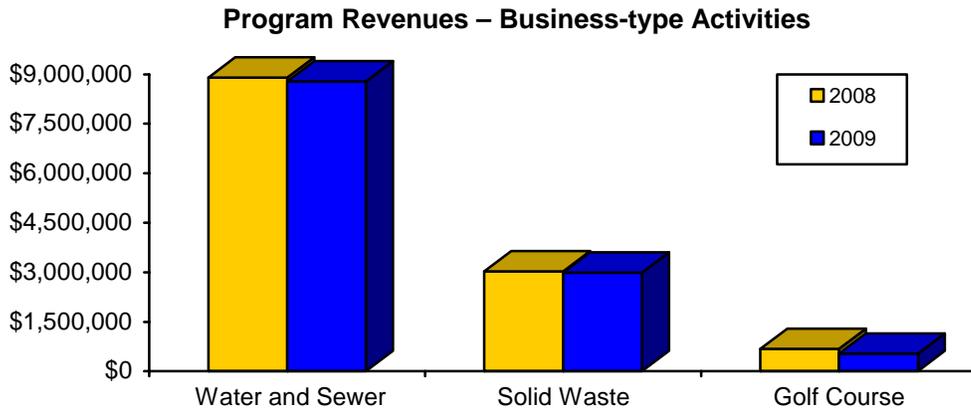

Business-type Activities - Revenues

Business-type activities increased the City’s net assets by \$1.3 million. Charges for services provided the largest share of revenues at 99.5 percent, followed by interest earnings at 0.5 percent for all business-type activities.

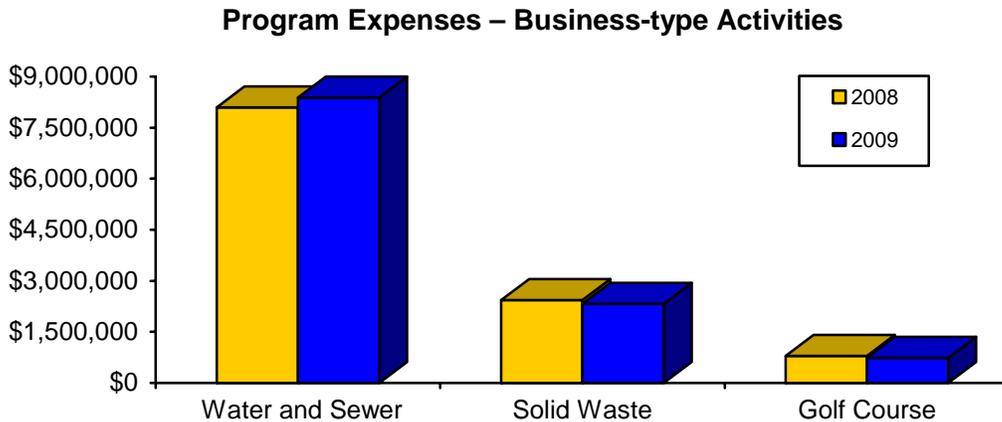

Water and sewer fees are the major revenue source for the business-type activities of the City, which recorded \$8.8 million in revenue. Compared to the prior year, water and sewer revenues decreased \$119,276 or 1.3 percent. Solid Waste revenues decreased \$32,067 or

1.1 percent. The Golf Course fund also decreased from \$674,696 in 2008 to \$530,908 in 2009 a decrease of \$143,788 or 21.3 percent.

Business-type Activities - Expenses

Total expenses for business-type activities were \$11.5 million, an increase of \$130,802 or 1.2 percent compared to the prior year. Water and Sewer, the largest proprietary fund recorded \$8.4 million in expenses, an increase of \$284,555 or 3.5 percent compared to the prior year. Solid Waste expenses decreased \$106,156 or 4.4 percent. Golf Course expenses also decreased from \$789,415 in 2008 to \$741,818 in 2009, a decrease of \$47,597 or 6.0%.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Copperas Cove, Texas uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The following is a discussion of financial highlights from the fund financial statements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful

measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Project Funds.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$13.1 million, a decrease of \$1,943,402 in comparison with the prior year. The primary reason for the decrease is the net effect of the 2007 Capital Improvement Certificate of Obligation expenditures and the issue of the 2009 General Obligation Bonds for Capital Improvements with only a small portion expended as of September 30, 2009.

The General Fund is the chief operating fund of the City. At September 30, 2009, unreserved fund balance of the General Fund was slightly below \$5.0 million, while total fund balance reached just over \$5.2 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 36.5 percent of total General Fund expenditures, while total fund balance represents 38.1 percent of that same amount.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the Water & Sewer Fund as of the end of the year amounted to \$1,322,685 a decrease of \$1,201,322 or 47.6 percent. The decrease is due to a significant increase in the investments in capital assets. The Solid Waste Fund was \$885,690, an increase of \$83,570 or 10.4 percent. Unrestricted net assets for the Golf Course Fund decreased from prior year's \$89,754 to (\$212,503) in 2009. The golf course had a decrease in operating revenues and a decrease in operating expenses. The decrease in operating revenues was significantly greater than the decrease in operating expenses which contributed to the decrease in unrestricted net assets.

The total increase in net assets for the three funds was \$1,255,823, \$242,155, and (\$243,136), respectively. Total operating revenues in fiscal year 2008-09 were \$12.3 million, a decrease of 2.3 percent below the year ending September 2008. Total operating expenses totaled \$10.2, million, an increase of 1.0 percent. Total operating income was \$2.1 million, a decrease of \$392,652 or 15.7 percent.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's annual budget is the legally adopted expenditure control document of the City. Budgetary comparison schedules are required for the General Fund and all major Special Revenue Funds. Since the City did not have a major Special Revenue Fund in the current year, only a budgetary comparison for the General Fund is required in this report; however, numerous budget comparisons presented in this statement compare the original adopted budget, the budget as amended throughout the fiscal year, and the actual expenditures prepared on a budgetary basis.

Amendments to the adopted budget may occur throughout the year in a legally permissible manner (see page 56 for more information on budget policies).

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of September 30, 2009, the City has \$81.5 million invested in various capital assets, net of accumulated depreciation. Of the \$81.5 million, \$33.3 million is invested in governmental activities and \$48.2 million is invested in business-type activities. Compared to last year, total capital assets increased \$12.5 million or 18.2 percent. Included in the \$12.5 million is a \$2.1 million adjustment that was necessary due to a reconciliation between the general ledger and the fixed asset register. Capital assets in Governmental Activities increased \$9,902,625 or 42.3 percent from the prior year. The largest increase is identified within the construction in progress line item with an increase of \$8.0 million from prior year primarily due to the construction of the new police facility. Facilities/infrastructure line item increased \$1,734,813 or 11.5%. Capital assets in Business-type Activities increased \$2,647,157 or 5.8 percent from the prior year with the construction in progress line item increased by \$2.9 million from prior year.

The following table provides a breakdown of the capital asset balances net of accumulated depreciation at September 30, 2009. Additional information on the City's capital assets may be found in Note III-E on pages 40-41.

Capital Assets (Net of Depreciation)

	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Land	\$ 1,332,322	\$ 1,541,055	\$ 850,386	\$ 850,686	\$ 2,182,708	\$ 2,391,741
Buildings / Improvements	3,810,555	3,345,797	126,481	144,894	3,937,036	3,490,691

Total	\$ 33,322,474	\$ 23,419,849	\$ 48,177,204	\$ 45,530,047	\$ 81,499,678	\$ 68,949,896

Long Term Debt

The City's total debt increased by \$6,665,000 during the current fiscal year. The key factor in the increase was the issuance of the following debt:

- 2008A Limited Tax Notes for various equipment and machinery for various City departments, fire station roof repair, new ambulance and Summers Road improvements, water and sewer projects, solid waste projects, and drainage projects;
- 2009 Limited Tax Notes for a fire apparatus, south park pool renovations, retrofit of west clarifier, Long Mountain tank rehab, vac con for sewer department, recycling center expansion, transfer station tipping floor renovations, rearloader and sideloader for the Solid Waste Department, and Allin House and Civic Center renovations; and
- 2009 General Obligation Bonds for construction of the Policy Facility and Lutheran Church Road and Lutheran Church Road Drainage.

The following schedule shows the outstanding debt of the City (both current and long-term) for September 30, 2009. Further details can be found in Note III-H on pages 44-47.

Outstanding Debt

General Obligation Bonds and Tax/Revenue Certificates of Obligation

	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
General Obligation	\$ 9,506,824	\$ 5,251,969	\$ 14,293,177	\$ 15,008,031	\$ 23,800,001	\$ 20,260,000

The most recent debt issues of the City of Copperas Cove have earned ratings from Standard & Poor's and Moody's:

Bonded Debt Ratings

September 30, 2009

Bond Type	Standard & Poor's	Moody's
General Obligation Bonds*	A+	A3
Certificates of Obligation	A-	A3
Revenue Bonds	BBB	Baa1

*Standard & Poor's upgraded the City's General Obligation Bond rating from A- to A+ after review of credit strength in June 2009.

Additional information on the City's long-term debt can be found in Note III-H of the Notes to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The FY 2009-10 Budget may have an appearance identical to previous years, however; the process by which the budget was prepared is unique.

One of the factors considered when preparing the fiscal year 2009-10 budget was the economy (local, state and federal). With the state of the national economy, the executive team began its preparation for FY 2009-10 early in FY 2008-09 to ensure the economic downturn did not have drastic financial impacts on City operations. The executive team, realizing the impact one fiscal year has on another, worked together to ensure the expenses incurred in the current fiscal year were absolute to providing the necessary service levels the citizens expect and deserve. The economy and troop movement also impacted the FY 2008-09 revenues in multiple areas. The decrease in the number of utility connections (accounts) is indicative of the troop movement from Fort Hood which impacts water, sewer, solid waste and drainage revenues. In addition to the troop levels declining, new home construction continues to decrease. With both influences on the decline, the City is monitoring revenues and expenditures closely and continues to be optimistic and expects an increase in economic development.

The City's first ever Capital Improvement Plan (CIP) was introduced to the City Council in June 2009 and was adopted by the governing body in October 2009.

The unemployment rate for the City of Copperas Cove area as of September 30, 2009 was at 7.3 percent, which was up from 5.2 percent a year ago. The City's sales tax revenues in FY 2008-09 maintained at a rate only slightly (0.5%) below FY 2007-08 revenues. Residential home construction declined in the past year. Building permits issued in FY 2008-09 recorded a slight decrease from 1,354 in FY 2007-08 to 1,277 in FY 2008-09. The value of the permits issued in FY 2008-09 was \$29,127,185, which decreased from \$35,712,399 in FY 2007-08.

The factors considered in preparing the City's budget for FY 2009-10 include:

- Conservative projections of major revenue sources. For example, the decline in sales tax revenue over recent months created concern when considering future projected revenues, thus the increase in sales tax revenues for FY 2009-10 is projected with a 4 percent increase over FY 2008-09. Recent commercial development is anticipated to generate healthy sales tax revenue, thus providing the justification for the percentage increase over the current year.
- Ad valorem tax revenue is budgeted conservatively at a 99% collection rate. The City has been experiencing an increased growth in its assessed valuation from 18.1% in FY 2006-07, 12.5% in FY 2007-08, and 10.0% in FY 2008-09. The assessed valuation for FY 2009-10 was estimated by the appraisal district to decline by 0.1% which is significantly below the prior fiscal years.
- Essential expenditures to maintain current service levels.
- Employee benefits remain intact with moderate adjustments.

The ad valorem tax rate was increased from \$.7400 cents in FY 2008-09 to \$.7600 cents per \$100 of taxable assessed valuation in FY 2009-10. The increases realized in assessed valuation in prior fiscal years is a trend no longer expected to continue. The 2009 State Legislature granted property tax exemptions for disabled veterans. With the new legislation and the fact property taxes are a leading source of revenue for the general fund and tax supported debt for the City of Copperas Cove, revenues and expenditures will require significant controls and regular monitoring.

REQUESTS FOR INFORMATION

**RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS**

SEPTEMBER 30, 2009

Total fund balances - governmental funds balance sheet	\$	13,104,708
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets (net of accumulated depreciation) used in governmental funds are not financial resources and, therefore, are not reported in the funds.		33,322,474
Long-term liabilities, including bonds payable (net of unamortized costs), are not due and payable in the current period and, therefore, are not reported in the funds.	(22,666,159)
Other long-term assets/liabilities are not available to pay for current period expenditures and, therefore, are deferred in the funds.		<u>702,273</u>
Net assets of governmental activities - statement of net assets	\$	<u><u>24,463,296</u></u>

CITY OF COPPERAS COVE, TEXAS

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED SEPTEMBER 30, 2009

Net change in fund balances - total governmental funds \$(1,943,402)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report all capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This reconciling item represents the amount by which capital outlay exceeded depreciation in the current period.

8,669,107

The issuance of long-term debt (e.g., bonds, notes payable) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This reconciling item represents the net effect of these differences in the treatment of long-term debt and related items.

(5,572,447)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This reconciling item reflects the net of such expenses.

(117,234)

Some revenues in the statement of activities do not provide current financial resources and are not included in the governmental funds.

(9,501)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets.

190,926

Change in net assets of governmental activities - statement of activities

\$ 1,217,449

The accompanying notes are an integral part of these financial statements.

CITY OF COPPERAS COVE, TEXAS

ENTERPRISE FUNDS

Water and Sewer Fund – to account for revenue and expenses related to the operation and maintenance of the water and sewer system of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, billing and collections.

Solid Waste Fund – to account for all solid waste collection and disposal activities provided by the City to both residential and commercial residents, including the operation of the City’s solid waste landfill.

Golf Course Fund – to provide for revenue and expenses related to the operations of the municipal golf course.

CITY OF COPPERAS COVE, TEXAS

NOTES TO FINANCIAL STATEMENTS

“The City Built for Family Living”

CITY OF COPPERAS COVE, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Copperas Cove, Texas, a Home-Rule Municipal Corporation, organized and existing under the Provisions of the Constitution of the State of Texas, adopted its Charter January 20, 1979, which was amended on April 5, 1983, May 7, 1988, May 3, 1997, May 5, 2001, May 3, 2003, and May 10, 2008. The City operates under the Council-Manager form of government and provides the following services as authorized by its Charter: public safety (e.g., police, fire and emergency medical service), planning and zoning, streets, sanitation, water, sewer, community services (parks, library, and golf course), and general administration. The financial statements of the City of Copperas Cove, Texas, (the primary government) and its component unit have been prepared in conformity with generally accepted accounting principles (GAAP). The component unit discussed below is included in the City's reporting entity because of the significance of its operational and financial relationship with the City. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

Discretely Presented Component Unit. The component unit column in the government-wide financial statements includes the financial data of the City's component unit, the Copperas Cove Economic Development Corporation (CCEDC). It is reported in a separate column to emphasize that it is legally separate from the City. The Board of Directors of the component unit is appointed by the City Council. The organization is fiscally dependent on the City because it receives 90% of its revenue from the City's sales tax revenue. Separate financial statements for the component unit can be obtained by contacting the CCEDC located at 210 South First Street, Copperas Cove, Texas 76522.

Government-wide Financial Statements. The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, interfund services provided and used are not eliminated. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function. Also included in program revenues are grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements. Separate fund based financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Nonmajor funds are combined in a separate column in the fund financial statements. The nonmajor funds are detailed in the combining financial statements section of this report.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are prepared using the accrual basis of accounting and the economic resources measurement focus. Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities, business-type activities and activities of its discretely presented component unit. Amounts reported as program revenues include 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The fund financial statements use the modified accrual basis of accounting and the current financial resources measurement focus. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences, claims and judgments are recorded only when payment is due.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

2007 Capital Improvement Certificate of Obligation Fund – This Capital Projects Fund is used to account for the proceeds from debt issued primarily for the construction of a new police facility.

2009 Capital Improvement General Obligation Fund – This Capital Projects Fund is used to account for the proceeds from debt issued for the new police station and Lutheran Church Road street improvements.

Additionally, the City reports the following fund types:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Projects Funds – Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt Service Fund – The Debt Service Fund is used to account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The City reports the following major proprietary funds:

Water and Sewer Fund – The Water and Sewer Fund is used to account for water and sewer operations. Activities of the fund include administration, operation and maintenance of the water and sewer system and billing and collection activities.

Solid Waste Fund – The Solid Waste Fund is used to account for the provision of solid waste collection and disposal services to customers who are billed monthly at a rate sufficient to cover the cost of providing the service.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Those revenues susceptible to accrual are taxes, grants, fines, investment income and charges for services. Licenses, permits, and contributions are not susceptible to accrual because, generally, they are not measurable until received in cash. Deferred revenue arises when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Deferred revenue also arises when the City receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. These revenues are recognized in subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has chosen not to apply subsequent private-sector guidance.

Business-type activities and all proprietary funds are accounted for using the accrual basis of accounting and the economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments are stated at fair value based on quoted market values.

The City is authorized to invest its future in the following:

- (1) Obligations of the United States or its agencies and instrumentalities which have a stated maturity on the date of purchase of two years or less.
- (2) Direct obligations of the State of Texas or its agencies and instrumentalities.
- (3) Certificates of deposit if issued by a state or national bank domiciled in the State of Texas or a savings and loan association domiciled in the State of Texas.
- (4) Other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed with the full faith and credit of the State of Texas or the United States or their respective agencies and instrumentalities.
- (5) Obligations of states, agencies, counties, cities and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and have received a rating of not less than A or its equivalent.
- (6) Eligible fully collateralized repurchase agreements, as defined by the Public Funds Investment Act.
- (7) Eligible investment pools in accordance with the Public Funds Investment Act. Sec. 2256.016-2256.019.
- (8) Any other securities which may be added by the State of Texas as permissible investments for municipal governments which are in compliance with the Public Funds Investment Act.

Interfund Transactions and Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

Interfund Transactions and Receivables and Payables (Continued)

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. Nonreciprocal interfund transactions are reported as transfers.

Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed in the General Fund and the Special Revenue Funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute generally accepted accounting principles (GAAP) basis expenditures or liabilities, since the commitments will be honored during the subsequent year.

Inventories and Prepaid Items

Inventories are valued at cost, which approximates market, using the first-in/first-out method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Restricted Assets

Certain resources are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

Capital Assets

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed capital assets are recorded at estimated fair market value at the time received. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years.

The costs of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are completed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized cost of the assets constructed. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest expense incurred from the date of the borrowing until completion of the project is offset by interest earned on invested proceeds over the same period.

Capital assets of the primary government, as well as the component unit, are depreciated using the straight-line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25
Facilities/infrastructure	25 - 40
Vehicles	5
Equipment	7
Furniture and fixtures	7

Compensated Absences

The City's vacation policy grants employee vacation depending on longevity, from 10 days after one year to 20 days after 20 years. Accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it, which typically is the General Fund. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Sick leave is awarded at 80 hours per year with a maximum accumulation of 960 hours. Fifty percent (50%) sick pay benefits are accrued as expenditures only when the individual employee is eligible to collect retirement from the Texas Municipal Retirement System (TMRS). The fifty percent (50%) of unused sick leave will be paid to employees who retire with 20 years or more of physical continual service with the City of Copperas Cove; and, at the time of separation, collect a TMRS monthly retirement check.

(continued)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

II. RECOGNITION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that, “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$22,666,159 difference are as follows:

(continued)

II. RECOGNITION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
(Continued)

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets (Continued)

Bonds payable	\$ 22,008,824
Bond issuance costs	(259,772)
Unamortized bond discounts	(13,374)
Deferred loss on refunding	(303,258)
Net pension obligation	137,315
Net OPEB obligation	22,723
Accrued interest payable	111,518
Capital leases	255,411
Compensated absences	<u>706,772</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u>\$ 22,666,159</u>

Another element of that reconciliation states, “Other long-term assets/liabilities are not available to pay for current period expenditures and, therefore, are deferred in the funds.” The details of this \$702,273 difference are as follows:

Property taxes	\$ 170,530
Ambulance charges for services	432,588
Municipal court fines	<u>99,155</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net - assets of governmental activities</i>	<u>\$ 702,273</u>

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that, “governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$8,669,107 difference are as follows:

Capital outlay	\$ 10,031,225
Depreciation expense	<u>(1,362,118)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net - assets of governmental activities</i>	<u>\$ 8,669,107</u>

(continued)

II. RECOGNITION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
 (Continued)

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Another element of that reconciliation states that, “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$5,572,447 difference are as follows:

Principal repayments	\$ 1,301,632
Issuance of debt	(6,945,612)
Bond issuance costs	84,002
Discounts	4,278
Deferred loss on refunding	<u>(16,747)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net - assets of governmental activities</i>	<u><u>\$ (5,572,447)</u></u>

Another element of that reconciliation states, “Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this \$117,234 difference are as follows:

Compensated absences	\$ 59,162
Accrued interest	(16,358)
Net pension obligation	(137,315)
Net OPEB obligation	<u>(22,723)</u>

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Substantially all deposits and investments are maintained in consolidated cash and investment accounts. Investment income relating to consolidated deposits and investments is allocated to the individual funds monthly based on each fund’s pro rata share of total consolidated cash and investments. At year-end, the City’s deposits were fully collateralized by either FDIC insurance or securities held by the pledging financial institution’s trust department in the City’s name.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

The deposits for the Copperas Cove Economic Development Corporation, a discretely presented component unit, were also covered by federal depository insurance or by U. S. Government securities held as collateral by the Corporation's agent in the Corporation's name.

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U. S. Treasury, certain U. S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the City has adopted a deposit and investment policy. That policy addresses the following risks:

Custodial Credit Risk – In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require that all deposits in financial institutions be fully collateralized by U. S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2009, the City's entire deposit balance was collateralized with securities held by the pledging financial institution or covered by FDIC insurance.

Interest Rate Risk: Interest rate risk occurs when potential purchasers of debt securities do not agree to pay face value for those securities if interest rates rise. The allowed stated maturity of any individual investment owned by the City shall not exceed two years from the time of purchase. Limiting investment maturities are the City's means for limiting its exposure to fair value losses arising from interest rate increases.

Concentration Risk: Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. All of the City's investments are invested in external investment pools and therefore, not exposed to concentration risk.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

The City's investments at September 30, 2009, are shown below:

	<u>Fair Value</u>	<u>Weighted Average Maturity (Days)</u>
State operated pools:		
TexPool	\$ 11,899,539	43
TexStar	<u>7,654,576</u>	46
 Total Fair Value	 <u>\$ 19,554,115</u>	 44

The City's investment pools are 2a7-like pools. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The City uses the following external investment pools:

TexPool

Under the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Lehman Brothers, Inc. and Federated Investors, Inc. through an agreement with the State of Texas Comptroller of Public Accountants. The State Comptroller is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company authorized to operate TexPool.

TexPool is rated AAAM by Standard & Poor's. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor's, as well as the Office of the Comptroller of Public Accounts for review. TexPool uses amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares.

TexStar

The Texas Short-term Asset Reserve Program (TexStar) was organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. JP Morgan Fleming Asset Management (USA), Inc. and First Southwest Asset Management, Inc. serve as co-administrators for TexStar under an agreement with the TexStar Board. TexStar will invest only in instruments authorized under both the Public Funds Investment Act and the current TexStar Investment Policy. The primary objectives of TexStar are, in order of priority, preservation and protection of principal, maintenance of sufficient liquidity to meet participants' needs, diversification to avoid unreasonable or avoidable risks and yield. In order to comply with the Public Funds Investment Act, TexStar maintains a AAAM rating from Standard & Poor's, which monitors the funds compliance weekly with its rating requirements.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

TexStar (Continued)

The TexStar Cash Reserve Fund seeks to maintain a net asset value of \$1.00 per unit and provides participants with the investment of funds that require daily liquidity availability. All investments are stated at amortized cost, which closely approximates the market value of the securities. All TexStar securities are marked to market on a daily basis.

B. Property Taxes

On January 1 of each year, a tax lien is attached to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property taxes are then levied by October 1, in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which levied. The majority of the taxes are collected between October 1 and January 31. Delinquent property taxes receivable are not considered available since they are not expected to be collected within 60 days after the close of the City's fiscal year.

With certain exceptions, intangible personal property and household goods are exempted from property tax assessment. The appraisal of property within the City is the responsibility of the countywide appraisal district. The appraisal district is required under the Property Tax Code to assess all property within the appraisal district on the basis of 100% of its appraised value and is prohibited from applying an assessment ratio. The value of property within the appraisal district must be reviewed at least every five years. The City may challenge appraised values established by the appraisal district through various appeals and, if necessary, legal action. The City continues to set tax rates on City property. However, if the effective tax rate, excluding tax rates for bonds and other contractual obligations, and adjusted for new improvements, exceeds the effective tax rate for the previous year by more than 8%, qualified voters of the City may petition for an election to determine whether to limit the tax rate to no more than 8% above the tax rate of the previous year.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

C. Receivables

Receivables at September 30, 2009, for the City's individual major and nonmajor funds including the applicable allowances for uncollectible accounts, consist of the following:

	General	Water and Sewer	Solid Waste	Golf Course	Nonmajor Funds	Total
Receivables:						
Taxes	\$ 687,110	\$ -	\$ -	\$ -	\$ 66,528	\$ 753,638
Ambulance	1,868,509	-	-	-	-	1,868,509
Assessments	23,829	-	-	-	-	23,829
Fines	1,825,215	-	-	-	158,794	1,984,009
Utilities	-	2,638,754	1,216,647	-	-	3,855,401
Miscellaneous	57,669	-	-	2,012	232,113	291,794
Grants	2,860	-	-	-	124,411	127,271
Notes	-	-	-	-	127,799	127,799
Gross receivables	4,465,192	2,638,754	1,216,647	2,012	709,645	9,032,250
Less: allowance for uncollectible	(3,173,138)	(803,846)	(281,027)	-	(213,452)	(4,471,463)
Net total receivables	<u>\$ 1,292,054</u>	<u>\$ 1,834,908</u>	<u>\$ 935,620</u>	<u>\$ 2,012</u>	<u>\$ 496,193</u>	<u>\$ 4,560,787</u>

D. Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Governmental funds:		
Taxes receivable	\$ 170,530	\$ -
Ambulance fees	432,588	-
Municipal court fines	99,155	-
Grants	-	3,000
Miscellaneous	-	68,252
Total	<u>\$ 702,273</u>	<u>\$ 71,252</u>

F. Interfund Receivables, Payables, and Transfers

A summary of interfund receivables and payables at September 30, 2009, is as follows:

	Interfund Receivables	Interfund Payables
General fund		
Water and sewer	\$ -	\$ 3,453
Nonmajor governmental funds	124,417	-
Nonmajor enterprise funds	180,000	-
Total general fund	<u>304,417</u>	<u>3,453</u>
2009 Capital Improvement General Obligation		
Nonmajor governmental funds	3,125	-
	<u>3,125</u>	<u>-</u>
Water and sewer		
General fund	3,453	-
Total nonmajor governmental funds	<u>3,453</u>	<u>-</u>
Nonmajor governmental funds		
General fund	-	124,417
2009 Capital Improvement General Obligation	-	3,125
Nonmajor enterprise funds	3,897	-
Total nonmajor governmental funds	<u>3,897</u>	<u>127,542</u>
Nonmajor enterprise funds		
General fund	-	180,000
Nonmajor governmental funds	-	3,897
Total nonmajor enterprise funds	<u>-</u>	<u>183,897</u>
Total	<u>\$ 314,892</u>	<u>\$ 314,892</u>

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

F. Interfund Receivables, Payables, and Transfers (Continued)

Balances resulted from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made.

Transfers during the year ended September 30, 2009, were:

	<u>Transfers in</u>	<u>Transfers out</u>
Governmental activities:		
General fund	\$ 1,250,500	\$ 122,070
Nonmajor governmental funds	135,852	215,011
Business-type activities:		
Water and sewer	20,000	742,500
Solid waste	-	428,000
Nonmajor enterprise funds	<u>101,229</u>	<u>-</u>
Total	<u>\$ 1,507,581</u>	<u>\$ 1,507,581</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and to use unrestricted revenues to finance various programs accounted for in other funds in accordance with budgetary authorizations.

G. Capital Leases

The City has entered into lease agreements as lessee for financing the acquisition of solid waste equipment as well as heavy equipment for the golf course and water/sewer department. These lease agreements qualify as capital leases for accounting purposes (title transfers at the end of the lease terms) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The following is a schedule of the future minimum lease payments under these capital leases and the present value of the net minimum lease payments at September 30, 2009.

<u>Year Ending September 30,</u>	<u>Governmental Funds</u>	<u>Proprietary Funds</u>
2010	\$ 178,805	\$ 360,782
2011	79,596	236,586
2012	<u>7,939</u>	<u>94,053</u>
Total minimum lease payments	266,340	691,421
Less amount representing interest	<u>(10,930)</u>	<u>(26,135)</u>
Present value of future minimum lease payments	<u>\$ 255,410</u>	<u>\$ 665,286</u>

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt

A summary of long-term debt transactions, including current position, for the year ended September 30, 2009 is as follows:

	Balance 09/30/08	Additions	Deletions	Balance 09/30/09	Due Within One Year
Governmental activities:					
General obligation bonds	\$ 5,251,969	\$ 4,770,000	\$(515,145)	\$ 9,506,824	\$ 658,650

Deferred amount on refunding	(437,767)	-	41,893	(395,874)	-
Total bonds payable	25,657,492	2,575,154	(1,688,005)	26,544,641	1,971,351
Estimated landfill postclosure care costs	409,500	-	(12,440)	397,060	-
Compensated absences	291,294	121,773	(183,546)	229,521	34,912
Capital leases	1,144,983	-	(479,697)	665,286	343,377
Net pension obligation	-	48,705	-	48,705	-
Net OPEB obligation	-	14,373	(6,314)	8,059	-
Business-type activities long-term debt	<u>\$ 27,503,269</u>	<u>\$ 2,760,005</u>	<u>\$(2,370,002)</u>	<u>\$ 27,893,272</u>	<u>\$ 2,349,640</u>

The ordinances authorizing the issuance of general obligation bonds created an interest and sinking fund (Debt Service Fund). The ordinances require the City to ascertain a rate of ad valorem tax that will be sufficient to pay the principal and interest as they become due.

The ordinances authorizing the issuance of Waterworks and Sewer System Revenue Bonds created a sinking fund and a reserve fund. The gross revenue of the water and sewer system, after deduction of reasonable expenses for operations and maintenance, is pledged to such funds in amounts equal to the total annual principal and interest requirements of the bonds and amounts required to maintain the reserve fund. All bonded debt requires semi-annual payments of interest. The various bond ordinances provide the City with rights of redemption at par, plus accrued interest, at specific future dates.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt (Continued)

Bonds payable at September 30, 2009, includes the following individual issues:

	Interest Rate %	Issue Date	Maturity Date	Original Issue	Outstanding
Governmental activities:					
General obligation bonds:					
1998 various purpose	3.70 - 4.50	09/01/98	08/15/13	\$ 3,750,000	\$ 1,060,000

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the City.

(continued)

III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt (Continued)

Defeased Debt Outstanding

In prior years, the City defeased certain general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide all future debt service payments on the old bonds. Accordingly, the trust accounts and the defeased bonds are not included in the City's financial statements. As of September 30, 2009, the amount of defeased debt outstanding amounted to \$10,870,000.

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending September 30,	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2010	\$ 658,650	\$ 349,553	\$ 991,351	\$ 557,088
2011	728,269	335,519	1,061,731	518,629

Total	<u>\$ 4,235,000</u>	<u>\$ 513,440</u>	<u>\$ 3,660,000</u>	<u>\$ 430,151</u>

IV. OTHER INFORMATION

A. Risk Management

The City is a member of the Texas Municipal League's Intergovernmental Risk Pool ("Pool"). The Pool was created for the purpose of providing coverage against risks that are inherent in operating a political subdivision. The City pays annual premiums to the Pool for liability, property and workers' compensation coverage. The City's agreement with the Pool provides that the Pool will be self-sustaining through member premiums. The Pool agrees to handle all liability, property and workers' compensation claims and provides any defense as is necessary.

The Pool makes available to the City loss control services to assist the City in following a plan of loss control that may result in reduced losses. The City agrees that it will cooperate in instituting any and all reasonable loss control recommendations made by the Pool. The City also carries commercial insurance on all other risks of loss, including employee health and accident insurance. The City has experienced no significant reductions in coverage through the Pool over the past year. There have been no insurance settlements exceeding Pool or insurance coverage for any of the past three years.

B. Commitments and Contingencies

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

(continued)

IV. OTHER INFORMATION (Continued)

B. Commitments and Contingencies (Continued)

The City has active governmental and water and sewer construction projects as of September 30, 2009. At year-end, the City's commitments with contractors are as follows:

	<u>Contract Amount</u>	<u>Spent to Date</u>	<u>Remaining Commitment</u>
Governmental	\$ 2,834,004	\$ 1,339,497	\$ 1,494,507
Water and sewer	<u>414,825</u>	<u>158,605</u>	<u>256,220</u>
Total	<u>\$ 3,248,829</u>	<u>\$ 1,498,102</u>	<u>\$ 1,750,727</u>

C. Employee Retirement Plan

Plan Description

The City provides pension benefits for all of its fulltime employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the city are within the options available in the governing state statutes of TMRS. TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained by writing to TMRS, P.O. Box 149153, Austin, TX 78714-9153 or by calling 800-924-8677; in addition, the report is available on TMRS' website at www.TMRS.com. The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

Deposit Rate:	6%
Matching Ratio (City to Employee)	2 to 1
A member is vested after:	5 years
Members can retire at certain ages, based on years of services with the City. The Service Retirement Eligibilities for the City are:	5 years/age 60 or 20 years/any age
Updated Service Credit	100% repeating, transfers
Annuity Increase (to retirees)	70% of CPI repeating

(continued)

IV. OTHER INFORMATION (Continued)

C. Employee Retirement Plan (Continued)

Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases. The City contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the City make contributions monthly. Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect.

Beginning in 2009, certain eligible member cities could elect to contribute a minimum amount equal to their ARC less a "Phase In" of the increase from the change to the Projected Unit Credit cost method in the 2007 valuation. The City elected to contribute the "Phase In" rate. This election will cause the City to have an actual contribution different than the actuarially determined Annual Required Contribution (ARC), and therefore, accrue a net pension obligation (asset) on its balance sheet. The annual pension cost and net pension obligation/(asset) are as follows:

Schedule of Actuarial Liabilities and Funding Progress

Actuarial Valuation Date	12/31/08	12/31/07	12/31/06
Actuarial Value of Assets	\$ 17,320,997	\$ 15,913,254	\$ 15,430,911
Actuarial Accrued Liabilities	26,423,899	24,515,869	18,806,345
Percentage Funded	65.6%	64.9%	82.1%
Unfunded (Overfunded) Actuarial Accrued Liability (UAAL)	9,102,902	8,602,615	3,375,434
Annual Covered Payroll	10,702,600	9,829,734	8,932,152
UAAL as a Percentage of Covered Payroll	85.1%	87.5%	37.8%
Net Pension Obligation (NPO) at the Beginning of Period	-	-	-
Annual Pension Cost:			
Annual Required Contribution (ARC)	1,175,778	831,512	718,866
Interest on NPO	-	-	-
Adjustment to the ARC	-	-	-
	<u>1,175,778</u>	<u>831,512</u>	<u>718,866</u>
Contributions Made (100%)	987,729	831,512	718,866
Increase in NPO	<u>188,049</u>	<u>-</u>	<u>-</u>
NPO at the End of Period	<u>\$ 188,049</u>	<u>\$ -</u>	<u>\$ -</u>

(continued)

IV. OTHER INFORMATION (Continued)

C. Employee Retirement Plan (Continued)

Contributions (Continued)

The required contribution rates for fiscal year 2009 were determined as part of the December 31, 2006 and 2007 actuarial valuations. Additional information as of the latest actuarial valuation, December 31, 2008, also follows:

Valuation Date	12/31/08	12/31/07	12/31/06
Actuarial Cost Method	Projected Unit Credit	Projected Unit Credit	Unit Credit
Amortization Method	Level Percent of Payroll	Level Percent of Payroll	Level Percent of Payroll
Remaining Amortization Period	29 years; closed period	30 years; closed period	25 years; open period
Asset Valuation Method	Amortized Cost	Amortized Cost	Amortized Cost
Actuarial Assumptions:			
Investment Rate of Return*	7.0%	7.0%	7.5%
Projected Salary Increases*	Varies by age and service	Varies by age and service	Varies by age and service
* Includes Inflation at	3.00%	3.00%	3.00%
Cost-of-living Adjustments	2.1%	2.1%	NA

D. Post-retirement Health Care Benefits

The City provides certain health care benefits through a single-employer defined benefit OPEB plan. Regular, full-time employees are eligible to participate in the City's health care plan as a retiree at their own expense. The retiree pays 100% of the premiums for the insurance. Members are eligible at any age with 20 years of service or at age 60 with 5 years of service. Spouses and dependents of retirees are also eligible. Currently, the City has 278 active employees and 6 retirees eligible to participate in the plan.

When a regular, full-time employee retires they are eligible to continue to participate in the City's group health insurance plan. Members who terminate employment prior to retirement are not eligible for retiree health care benefits.

Retirees are eligible for health care until they become Medicare eligible. The retiree pays full Medicare premiums. The City's coverage ceases when the retiree becomes eligible for Medicare coverage.

Retirees who decide to opt-out for the health care plan are not eligible to opt back in when coverage from another entity ceases.

(continued)

IV. OTHER INFORMATION (Continued)

D. Post-retirement Health Care Benefits (Continued)

Annual OPEB Cost and Net OPEB Obligation

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The City's annual OPEB cost for the current year and the related information is listed below:

Annual Required Contribution (ARC)	\$ 53,277
Interest on Net OPEB Obligation	-
Adjustment to the ARC	-
Annual OPEB Cost	<u>53,277</u>
Employer Contributions with Interest	(22,159)
Increase (Decrease) in Net OPEB Obligation	31,118
Net OPEB Obligation, beginning of year	<u>-</u>
Net OPEB Obligation, end of year	<u>\$ 31,118</u>

Expenses for post-retirement health care benefits are funded on a pay-as-you-go basis.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current year (4.5% discount rate, and level percent of pay amortization).

Fiscal Year Ended	Annual Required Contribution	Employer Contribution	Percentage Contributed	Net OPEB Obligation
09/30/09	\$ 53,277	\$ 22,159	42%	\$ 31,118

Funding Status and Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded (AAL) (UAAL)	Funded Ratio	Covered Payroll
12/31/08	\$ -	\$ 523,754	\$ 523,754	- %	\$ 10,702,600

This is the year of implementation for GASB Statement No.45 for the City. Accordingly, the two previous years of funding status and funding progress are not available.

(continued)

IV. OTHER INFORMATION (Continued)

D. Post-retirement Health Care Benefits (Continued)

Annual OPEB Cost and Net OPEB Obligation (Continued)

The projection of future payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projection of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the City and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial methods and significant assumptions used are as follows:

Actuarial Valuation Date	12/31/2008
Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level percent of payroll
Remaining Amortization Period	30 years
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Investment Rate of Return	4.5%
Payroll Growth Rate	3%
Projected Salary Increases	3.75% to 17%
General Inflation Rate	3%
Healthcare cost trend rate	10%
The number of active members is assumed to remain constant in the future	

Supplemental Death Benefits Fund

The City also participates in the cost sharing multiple-employer defined benefit group term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected to provide group term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

(continued)

IV. OTHER INFORMATION (Continued)

D. Post-retirement Health Care Benefits (Continued)

Supplemental Death Benefits Fund (Continued)

The death benefit for active employees provides a lump sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

The City's contributions to the TMRS SDBF for the fiscal year ended 2009 were \$24,432, which equaled the required contributions. This is the year of implementation for GASB Statement No.45 for the City. Accordingly, the two previous years of funding status and funding progress are not available.

<u>Fiscal Year Ended</u>	<u>Annual Required Contribution</u>	<u>Employer Contribution</u>	<u>Percentage Contributed</u>	<u>Net OPEB Obligation</u>
09/30/09	\$ 24,432	\$ 24,432	100%	\$ -

E. Municipal Solid Waste Landfill

On October 9, 1991, the Environmental Protection Agency (EPA) approved Subtitle "D" regulations that mandate environmental controls over the development and operations of landfills throughout the United States. The Texas Commission on Environmental Quality (TCEQ) oversees the implementation of these regulations and provides guidelines that parallel those of the EPA. The City of Copperas Cove falls under these controls. Subtitle "D" regulations require that all landfills abide by specific criteria. Among these criteria are regulations on the closure and postclosure of municipal solid waste landfills.

The regulations require that once the landfill is closed, the owner/operator is responsible for maintaining the final cover, monitoring groundwater and methane gas, and continuing leachate management for 30 years.

The total current cost of closure and postclosure care is the amount that would be paid if all equipment, facilities and services included in the estimates were acquired during the current period. The cost estimates used were obtained by the City's environmental consultants who maintain the landfills. Each year, the City evaluates estimated closure costs and post closure care costs for changes due to inflation or deflation, technology, or applicable laws or regulations.

(continued)

IV. OTHER INFORMATION (Continued)

E. Municipal Solid Waste Landfill (Continued)

Estimated closure and postclosure care costs as of September 30, 2009 are \$397,060. It is estimated that the landfill requires 20 years of postclosure care as of September 30, 2009.

F. Prior Period Adjustments

The following prior period adjustments were made during the year ended September 30, 2009, to correct errors made in prior years and to account for changes in accounting policies made during the year:

Government-wide Financial Statements:

Governmental activities

In prior years, the City had not recorded municipal court fines receivable.	\$ 99,155
Receivables for ambulance services were overstated.	(1,665,953)
Sales taxes, franchise taxes and other taxes had not been accrued.	568,513
During the year, the City raised its capitalization threshold from \$1,000 to \$5,000. Additionally, errors were discovered in the capital asset balance from the prior year.	<u>1,042,591</u>
Net increase in beginning net assets	<u>\$ 44,306</u>

Business-type activities

During the year, the City raised its capitalization threshold from \$1,000 to \$5,000. Additionally, errors were discovered in the capital asset balance from the prior year.	\$ 1,112,667
Utility receivables (net) were understated.	<u>277,939</u>
Net increase in beginning net assets	<u>\$ 1,390,606</u>

Governmental Funds Financial Statements

Sales taxes, franchise taxes and other taxes had not been accrued.	\$ <u>568,513</u>
Net increase in beginning net assets	<u>\$ 568,513</u>

Proprietary Funds Financial Statements

During the year, the City raised its capitalization threshold from \$1,000 to \$5,000. Additionally, errors were discovered in the capital asset balance from the prior year.	\$ 1,112,667
Utility receivables (net) were understated.	<u>277,939</u>
Net increase in beginning net assets	<u>\$ 1,390,606</u>

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

SEPTEMBER 30, 2009

Budgets

Budgets are adopted on a basis generally consistent with generally accepted accounting principles with a few exceptions, primarily budgeting current expenditures and capital outlay together by function and using encumbrances as discussed below. Annual appropriated budgets are adopted for the General, most Special Revenue (except for the Texas Community Development Loan Fund), Debt Service, and Proprietary Funds. Project-length financial plans are adopted for all Capital Projects Funds.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation – is utilized in governmental funds. Under generally accepted accounting principles, encumbrances outstanding at year-end are reported as reservations of fund balance and do not constitute expenditures or liabilities. However, encumbrances are considered to be expenditures under the City's budgetary basis of accounting.

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to August 15, the City Manager submits a proposed operating budget to the City Council for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. On or before September 30, the City Council holds a public hearing and adopts the budget.
3. Any revisions that alter the total expenditures of any fund must be adopted by the City Council after formal public budget hearings. Transfers between departments within a fund are permitted within the last three months of the fiscal year by a City Council resolution. The Director of Finance may at any time transfer any unencumbered appropriations between general classification of expenditures within an office, department or agency.
4. Formal budgetary integration is employed as a management control device during the year for the General, most Special Revenue, Debt Service, and Proprietary Funds. Formal annual budgetary integration is not employed for the Texas Community Development Loan Fund because the amount of revenues and expenditures vary depending on unpredictable availability of resources or the Capital Projects Funds because effective project budgetary control is provided by project length budgets.
5. Budgets for the General Fund, the Special Revenue Funds, and the Debt Service Fund are adopted on the modified accrual basis of accounting, with the modifications discussed earlier. All budgetary expenditures include encumbrances outstanding at year-end. Budgets for Proprietary Funds are prepared on an accrual basis.
6. Budget appropriations lapse at year-end and do not carry forward to future periods unless they have been legally encumbered. Budget amounts presented are from the original and final budgets approved by the City Council.
7. The legal level of control (the level at which expenditures may not legally exceed budget appropriation) established by the Charter is the department.

NONMAJOR CAPITAL PROJECTS FUNDS

2001 Combination Tax and Revenue Certificates of Obligation Fund – to account for proceeds and expenditure of funds for the construction of a new fire station, renovation of the municipal court facility and street improvement projects. This capital project fund is being financed through the issuance of Combination Tax and Revenue Certificates of Obligation in the amount of \$1,915,000.

2006 Limited Tax Notes Fund – to account for the purchase of land and acquisition of engineering services for a new Police Station and the acquisition of a vacuum sweeper and ambulance. Payment of the debt service related for this issuance will be derived from the Tax Interest and Sinking Fund. The issue was for \$1,260,000.

Reliever Route Fund – to account for proceeds of funds from the sale of right-of-way land and the expenditures related to the future reliever route.

2003 Capital Improvement Certificates of Obligation Fund – to account for various projects to include, but not limited to, procurement of a communication system and various street projects.

2008 Limited Tax Notes – to account for the fire station relocation land purchase, park and recreation projects to include software, playscapes, lighting on baseball and soccer fields and park renovations, library repairs, street construction and a citywide cash receipts system.

2008A Limited Tax Notes Fund – to purchase materials, supplies, equipment and machinery for various City departments, fire station roof repair, new ambulance for fire department, and Summers Road improvements. Payment of the debt service for this proposed issue will be derived from the Tax Interest and Sinking Fund. The issue was for \$1,060,000.

2009 Limited Tax Notes Fund – to account for the purchase of fire apparatus and South Park Pool renovations. Payment of the debt service for this proposed issue will be derived from the Tax Interest and Sinking Fund. The issue was for \$680,000.
