**SUBJECT: Update on the City of Copperas Cove Parks and Recreation Golf  
Course Reclaimed Water System Optimization**

---

### **BACKGROUND/HISTORY**

Council authorized the City Manager to execute an agreement for professional services with Bury and Partners Engineering Solutions for the design and bid of the Golf Course Reclaimed Water System Optimization on November 2, 2010.

Council awarded No. Bid 2011-18-74 for the Golf Course Reclaimed Water System Optimization Project to Keystone Construction, Inc. of Austin, Texas on June 7, 2011.

Pre Construction meeting held on July 1, 2011-Bury and Partners, Keystone, and City Staff (Parks/Recreation and Public Works).

Notice to proceed was issued to Keystone Construction, Inc. on July 1, 2011 with a project completion date of October 28, 2011.

### **FINDINGS/CURRENT ACTIVITY**

The Parks and Recreation Department will purchase and install the Liner and Geotextile materials needed for the project, estimated cost of \$15,000.

### **FINANCIAL IMPACT**

Budget for the project is \$212, 632 available in Fund 74-4310-7400-9045.

### **ACTION OPTIONS/RECOMMENDATION**
