**SUBJECT: MUNICIPAL COURT FINE COMPARISON ANALYSIS FOR FY 2015- 2016.**

---

**1. PROJECT DESCRIPTION**

Copperas Cove Municipal Court Fine Comparison Analysis for 2016.

**2. BACKGROUND/HISTORY**

The Municipal Court's fine comparison analysis was last compiled FY 2011-12. In an effort to maintain uniformity in fine increases with those of cities with similar volume, a fine comparison analysis was proposed. Information was compiled from the Municipal Courts of the City of Harker Heights, City of Belton, City of Georgetown, City of Round Rock, and City of Nacogdoches. This data was then submitted to the judge for review and consideration.

**3. FINDINGS/CURRENT ACTIVITY**

In comparison to the surrounding cities mentioned above, the Municipal Court fine amounts are marginally less than average. Based on the information presented to the presiding judge, a determination was made to increase fines on certain violations to align the penalty to that of the other cities.

**4. FINANCIAL IMPACT**

Due to the fine amount increase, the Municipal Court's collections are likely to increase as a result.
