TOURISM

COPPERAS COVE

Tucked in the woods of the Five Hills between Killeen and Lampasas, Copperas Cove welcomes you to visit, play and stay in one of the most beautiful parts of Central Texas. Copperas Cove is known for being "The City Built for Family Living", so whether you enjoy hiking, biking, dining, or playing Copperas Cove has something for everyone. Come take in the breathtaking scenic views of the rolling hills and take part in the many things to do in this charming city.

HISTORY

The beautiful area surrounding present-day Copperas Cove was originally part of a land grant from Mexico to Stephen F. Austin. However not until well after the Civil War was the area safe enough for settlers to ranch and farm the area we now call Copperas Cove. With the expansion of the Santa Fe Railroad the economy greatly lifted in the 1880's, as well as with the construction of what would be known as Fort Hood during World War II. With Fort Hood came soldiers and their families, and businesses to meet their needs, changing the economy and demographics of the city.

The History of Copperas Cove lives on today at the Ogletree Gap Preserve, home of the original 1879 post office, where Marsden Ogletree served as the town's first postmaster. The city bought the 200 acres that surround the original post office in 1997, today's visitors can view the former post office while enjoying the on-site pavilion. Ogletree Gap Preserve is one of eight public parks in Copperas Cove; other parks include swimming pools, hiking trails, athletic fields, basketball courts, and picnic/playground areas.

If you are looking for a charming small-town getaway not too far from a big city, Copperas Cove is just right for you. Just an hour drive north from the Live Music Capital of the World, Austin Texas and an hour drive south from the rich culture of Waco Texas. The best thing about memories is making them, come make some with us!

THINGS TO DO IN COPPERAS COVE

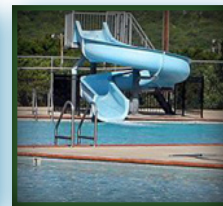

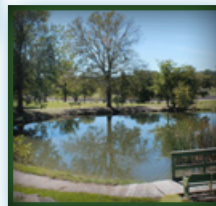

Wander through one of the City's Parks

Copperas Cove has to eight public parks for community and visitors to enjoy. City Park Complex is 88 acres, and home to 2 ponds, 2 basketball courts, 2 playscapes, 6 baseball/softball fields, 3 multipurpose fields, and the City Park Pool! Parks and Recreation also holds the City's Annual Fall-O-Ween Festival, Tree Lighting Ceremony, and 5K Run to the Polar Bear Plunge at this beautiful park. South Park features a mile-long walking trail, as well as a splash pad, pool, pavilion and playscape. Other parks include beautiful scenery and playgrounds for you to enjoy.

WORK ON YOUR BACK SWING

The Hills of Cove Golf Course is an 18-hole facility owned and operated by the City of Copperas Cove. The original nine holes golf course were built in 1972, but were expanded to 18 holes in 1999. The course, a par 71, winds its way through the rolling terrain of Northeast Copperas Cove and is made up of five challenging par 3's, nine magnificent Par 4's, and four exuberant Par 5's. The Hills of Cove offers onsite golf professional, golf lessons, a full service pro-shop, beer sales, lighted driving range, grill, and a fleet of 40 golf carts. WHAT IS PLAYER ABILITY ASSESSMENT?

Player Ability Assessment (PAA) is a program designed to assess the skills of each player, in an effort to balance the league's teams during the team formation phase.

The effectiveness of the PAA depends highly on player attendance and coach participation, so please make plans to attend. Parents will be notified when and where the assessment will be conducted during the registration process.

The atmosphere of the PAA is very relaxed, so players should not have any undue pressure from parents. *Please note: this is NOT a PASS/FAIL type of event.*
