### **Drainage Master Plan – Citizen Survey**

Copperas Cove, Texas – On July 7, 2015 the City of Copperas Cove entered into an agreement with LAN Engineering, Inc. to update the City's Drainage Master Plan, which was created in 1996. The master plan is used by the development community and identifies the capital improvement projects needed for the City.

Together, the City and LAN Engineering have created an on-line citizen survey as an opportunity for residents to present drainage or flooding concerns for consideration in the plan. The survey, which is self-explanatory and takes only minutes to complete, will launch on October 1, 2015 and be available through October 31, 2015. We sincerely appreciate any input which our residents can provide.

The survey may be accessed through a link on the homepage of the City's website at [www.copperascovetx.gov](http://www.copperascovetx.gov) or through a direct link at:  
<http://lad.maps.arcgis.com/apps/GeoForm/index.html?appid=6057284ee6f74a048a7d3070528fedf7>

Any questions or concerns regarding the survey should be directed to Public Works Director Daryl Uptmore at [duptmore@copperascovetx.gov](mailto:duptmore@copperascovetx.gov) or (254)547-0751.
