Voluntary Water Conservation Request Lifted

Copperas Cove, Texas – The City of Copperas Cove monitors and receives direction from both the Bell County Water Control & Improvement District #1 (BCWCID1) and the Brazos River Authority (BRA) regarding drought conditions and necessary water conservation efforts. As such, the City of Copperas Cove initiated a drought awareness campaign on August 3, 2018 and issued a voluntary water conservation request in response to anticipated drought conditions.

Effective immediately, the voluntary water conservation request has been lifted. We appreciate the support and cooperation of our customers over the past several months.

Further information on BCWCID1 can be located at: <http://wcid1.org/>. Further information on the BRA can be located at: <http://www.brazos.org/>.

Questions or concerns may be directed to Public Information Officer Kevin Keller at kkeller@copperascovetx.gov or (254)547-4221.
