“The City Built for Family Living”

Police Department

To The Honorable Mayor, City Council, City Manager, and Citizens of Copperas Cove:

It is again with pleasure that I present to you the Copperas Cove Police Department’s Annual Report for calendar year 2005. This report is designed to inform you about the function and efforts of our Police Department. In reviewing this report, you may discover aspects of the Police Department that you were not previously aware of. It is our intention to serve the citizens of this community in the most professional, effective, and efficient manner possible. This annual report marks the twenty-first year that such a report has been compiled and made available.

As we are all aware, no community is immune from crime. For calendar year 2005, Copperas Cove realized a 1% decrease in the number of Part I Crimes reported to our agency. In examining the numbers, a total of 1,222 Part I Crimes were reported. This is a decrease of 13 reported Part I Crimes compared to calendar year 2004. Of the Part I Crimes reported, our clearance rate for Part I Crimes was approximately 22%. Using the latest figures published by the Texas Department of Public Safety for calendar year 2004, the average clearance rate of Part I Crimes in the State of Texas was 18%.

In the area of Part II Crimes for this same period, we realized an increase of approximately 6% in the number of reports filed with our agency. Again, in examining the numbers, this is an increase of 260 crimes. In looking at the top two increases in the number of crimes, “Other Assaults” increased by 150 reported crimes and “Criminal Mischief” increased by 121 reported crimes in calendar year 2005. As you can see, these two increases directly affected the rise in Part II Crimes. The clearance rate for Part II Crimes for calendar year 2005 was 74%.

With a decrease in Part I Crimes and an increase in Part II Crimes, Copperas Cove realized an overall increase in total crimes of 5%.

During calendar year 2005, the vast majority of Police Officer vacancies were filled. Most of the officers hired to fill these vacant positions have completed all required training and are performing their services to the community. The remainder of positions that were filled are in various stages of their required training which will allow them to continue to fill in the gaps. As of this writing, only two regular police officer positions and two over hire police officer positions remain open. Staff continues to work very diligently in an effort to fill all of these positions. Through all of this and the dedicated efforts of the Department’s employees, the citizens of Copperas Cove continue to receive the quality service that they expect and deserve from their Police Department.

I would like to take a moment and recognize, praise and give full credit to those that continue to dedicate themselves to this profession, this City and its goals and mission statement, the men and women in uniform on the front line who patrol the street, the investigators, communications officers, clerical and secretarial staff who provide support, and the supervisory and administrative staff. Credit must also be given to our faithful volunteers such as the Citizens Police Academy Alumni Association. They not only assist the Department with various projects and provide support to the officers; they are also making a difference in our community.

On behalf of the members and volunteers of the Copperas Cove Police Department, I wish to thank each of you for your continued support that you have again provided to us and let you know that we look forward to serving the citizens of this great community.

Sincerely,

T. Molnes

Timothy Molnes

Chapter 1

Department Organization

Organization

The Copperas Cove Police Department is organized into three major divisions, led by the Chief of Police and a Deputy Chief. The most visible division is the Uniform Services Division. The other two divisions are the Community Services Division and the Support Services Division. Not falling under any of these three divisions, but rather reporting directly to the Deputy Chief is the Criminal Investigations Unit, the Organized Crime Unit, Training and Personnel, Computer Crimes Unit, and Evidence.

Each branch is addressed and described in the following pages. An organization chart follows the descriptions of these services.

Uniform Services

Uniform services consist of the Uniform Patrol Division, a Motorcycle Traffic Division, and a Reserve Police Force. This service has one Lieutenant.

Patrol Division

The majority of the certified officers within the Copperas Cove Police Department are assigned to the Uniformed Services or Patrol Division. Of the 53 certified police officers in the department, 35 are assigned to the Patrol Division.

This division has the traditional tasks of crime repression, through aggressive patrols, responding to calls for police service from the public, enforcing the traffic laws and conducting traffic collision investigations.

The patrol division consists of approximately 22 patrol officers, 4 traffic officers, 4 patrol corporals, 4 patrol sergeants, and 1 patrol lieutenant.

They handled 21,072 requests for police service in 2005 compared to 19,134 calls for service in 2004, this is an increase in calls for service by 10%.

This division is divided into three shifts that provide the citizens of Copperas Cove professional police coverage 24 hours a day, 365 days a year.

Reserves

The department also utilizes a Reserve Police Force. This consists of Certified Reserve Officers who are utilized to supplement the Uniform Services Division. The Police Reserves are unpaid volunteers who must meet the minimum training standards to begin working as a Reserve Officer in the State of Texas. Reserve Officers work with the regular police force, providing for two officer units. The training they receive is the same as all Certified Police Officers receive.

Special Weapons and Tactics Team

The Special Weapons and Tactics Team, or SWAT, is authorized a strength of 15 department members. This service's function is to seek non-violent settlements to all incidents involving police personnel and the citizens of our community. The SWAT Team may be deployed in any situation that is beyond the scope and capabilities of normal police operations. These situations include, but are not limited to, the following: hostage situations, barricaded subjects, certain suicide attempts, violent mental patients, high risk arrest/search warrants, terrorist situations, and dignitary protection details.

The personnel assigned to the SWAT Team are on call 24 hours a day, seven days a week. Team members are provided with specialized uniforms and equipment. SWAT personnel are required to pass a semi-annual physical agility-strength test, and firearms qualifications. SWAT members train many hours in order to maintain and improve physical fitness and firearms proficiency.

Community Services

Community Services is responsible for functions of Crime Prevention Programs, and many other pro-active community programs. These include the Citizens Police Academy and Citizens on Patrol. This service has one lieutenant, one community relations officer, two school resource officers, and one warrant officer. This lieutenant also oversees the Criminal Investigation Section.

Crime Prevention

Community Services are provided for the citizens of our community. Community Services is responsible for the Crime Prevention and Safety efforts of the Police Department. Crime Prevention is a pro-active effort to educate the public about preventative measures that are available in an effort to help them prevent a crime before it occurs.

This service also handles special projects, and is the public information officer for the department.

School Resource Officers

The department has 2 uniformed officers assigned to work at the high school. Their primary duties are to report and enforce criminal violations that occur on campus. Additional duties may include assisting with traffic problems that occur on campus, assisting the school administration, and speaking to classes on a variety of issues.

The School Resource Officer Program is a joint effort between the Copperas Cove Independent School District, the Copperas Cove Police Department, and the City of Copperas Cove.

Kiddo Card

The Kiddo Card is a child identification card made solely for the purpose of identifying a child under thirteen years of age. The card will show the child's name, date of birth, social security number, home address, school attending, guardian's/parent's name, height, weight, both thumbprints, and a current picture. The card is designed to be carried by the parent/guardian in his or her wallet to be used to identify the child. Everyday, children are abducted across our nation. As guardians/parents, we sometimes forget the vital information that law enforcement needs to start a report. The Kiddo Card has all the required information that law enforcement needs to start the search. All the guardian/parent has to do is simply turn the Kiddo Card over to law enforcement.

Since its launch in May of 2001, a total of 10,221 children have been issued Kiddo Cards.

Crime Stoppers

The Crime Stoppers program began July 23, 1984 and has been working in Copperas Cove ever since its inception. Copperas Cove Crime Stoppers, Inc. is a non-profit organization designed to serve the community by providing a means for citizens to report information on crimes that have been committed without having to reveal their identity. The program has 18 board members that make up the Board of Directors – the governing body of Crime Stoppers Inc. Crime Stoppers provides a tip line. Crime Stoppers can be reached at 547-1111.

CID works with the Crime Stoppers Program for the City of Copperas Cove. This service answers the Tips line for the Crime Stoppers and forwards information on tips received to investigators for follow-up on the crime. The liaison maintains contact with the investigator and forwards the results of the tip to the Board of Directors for final disposition. Crime Stoppers is a program used to offer an alternate route for citizens to report information they have on a crime which has been or is being committed, and it allows them to remain anonymous in doing so. A civilian Board of Directors manages the day-to-day operations of Crime Stoppers and provides funds which allows the program to offer rewards up to \$1,000 for information which leads to the arrest and indictment of persons on felony cases, and can make payment on serious misdemeanor cases as they choose.

Support Services Division

Support Services provides a multitude of services to the department. This service is responsible for functions of administration, record keeping, physical affairs, and building services. This service has one lieutenant, eleven communications operators, and two records clerks.

Communications

This section consists of 11 Communications Operators. This operation is responsible for handling all of the telephones requiring calls for police, fire, and EMS service, including both of the 9-1-1 phones, and the telephone device for the deaf. Additionally, this service handles all of the dispatching of calls for service for police, fire, and EMS through the use of the department's radio system.

They are the first contact citizens have with the police department in most cases and are responsible for greeting and directing all persons who walk into the department requesting police or other services.

All of the communications operators receive mandatory training given by the State of Texas to be able to operate the National Criminal History and State Computer.

Communications received 10,954 calls on the 9-1-1 system during 2005. Of these calls, 2% or 269, were known emergency calls requiring emergency services from police, fire, or paramedics. 3,915 of these calls were non-emergency hang-up calls. 6,770 of these calls, or 62%, were non-emergency calls or calls by mistake.

Chapter 1

Department Organization

Crime Records

This service is responsible for managing all of the records for the entire Police Department. These records include: persons arrested and placed in jail – maintained in a numeric filing system; a month-to-month file of all offenses and collisions that have occurred in the city and reported to the Police Department. They also serve as the center of storage of other department generated records necessary for the daily operation of the department.

Crime Records is responsible for the data input into the department’s computer system. All reports of offenses, incidents, collisions, and arrests are entered into this system as well as any follow-up reports and dispositions. This eases efforts of retrieval at a later time, and to prepare monthly and annual statistics reports. The Copperas Cove Police Department participates in the FBI and State of Texas Uniform Crime Reporting that allows for the statistical data to be compiled in all 50 states in a uniform manner.

This service also has a great deal of contact with the public, both in person and by phone, in relation to requests for records or reports in accordance with the Open Records Act. This information is disseminated to authorized persons and members of the media. Numerous requests are made on a monthly basis for copies of offense reports and collision reports. In addition, personnel are requested to complete crime records requests for numerous authorized agencies for criminal history information.

Many types of reports are collected, prepared, and finalized for future use by this service. Accident reports and DWI reports are typed on forms provided by the state and are forwarded to state agencies that must have them within specified time periods. These reports are also forwarded to various courts for prosecution of these offenses. All arrest data and files are maintained by this service and documents such as fingerprint cards are forwarded to proper state and federal agencies by this section.

Personnel in this service must be trained in UCR, computer data entry, and maintenance of computerized records, crime records management, proper preparation and typing of certain records. The Open Records Act, as well as the Texas Library Act (which deals with the schedules for records destruction) and Texas Penal Code statutes, are adhered to by the department.

In addition to maintaining all of the records of the department, typing of certain records, data entry of all offenses, and accidents into the computer, Crime Records is also responsible to collect fees for certain functions, provide copies of records to the public, and issue bicycle licenses.

<u>2005 FEES COLLECTED</u>	<u>TOTAL</u>
Bicycle License	*\$92.00
Copy Machine	\$5,349.55
Fingerprints	\$5,080.50
<small>*\$174.00 fees waived by City Manager</small>	
TOTAL	\$10,522.05

The Crime Records Division processed 5,884 offense and incident reports for computer data entry, manually typed and data entered 1,033 accident reports into the computer, processed 2,093 arrests into the computer, and manually filed all arrests and reports. 173 DWI reports were also typed and prepared for forwarding to the state and court offices.

This service also made copies of reports for the public, registered 133 bicycles, processed hundreds of Criminal records checks for authorized personnel and personal records checks for the public for employment and other reasons.

Monthly and Annual Reports are a part of this service’s function.

Criminal Investigations

Criminal Investigations is responsible for the investigation of unsolved crimes, apprehension of offenders, and the recovery of stolen property. This service is responsible to start with an offense that has been reported to the police and has not been solved. This service has one sergeant, one corporal, six investigators, one training/evidence coordinator, and one secretary. Criminal Investigations is overseen by the Community Services lieutenant.

Chapter 1

Department Organization

The successful completion of each investigation depends on an in depth follow up on the case. This follow up is to identify possible victims, witnesses, and offenders; carry the case through in an effort to identify and to arrest the offenders in the case; and to recover property which has been stolen during the course of the offense; as well as to provide final case preparation, evidence, and testimony in court. The investigators are often called to the scene of a crime to process the scene for evidence.

This service is also responsible to present completed felony cases to the Grand Jury for indictment purposes and to follow through with the case until the trial has been completed.

Criminal Investigations is also responsible for the investigation of all offenses involving juvenile offenders and the identification and apprehension of juvenile offenders. Because handling of juveniles in many ways is different from handling adult offenders, officers must receive specialized training in handling cases involving juvenile offenders. Procedures in booking juvenile offenders and taking statements from juveniles must also be handled differently than that of an adult offender.

Organized Crime Unit

This service is responsible for the criminal investigations dealing with suspected narcotic use, transportation, and drug trafficking. This service also investigates other types of organized crime, such as prostitution, gambling, alcohol violations, pornography, and any other crime committed by an organized group.

The Copperas Cove Police Department works closely with the Central Texas Narcotics Task Force.

Training/Personnel

This service is responsible for the maintenance of all department training and personnel records, including applications and hiring process documentation, training records for all department personnel and serves to insure that all personnel have reached the state mandated training requirements.

Computer Crimes Unit

This service is responsible for the criminal investigations dealing with all computer and Internet crimes. These crimes include hacking, e-mail harassment, and credit card abuse over the Internet. This service also handles child pornography, identification theft, and counterfeiting cases. This specialized unit was created during 2000.

Evidence

This service is responsible for the Property Room of the department, which houses all evidence received on criminal cases, all found property, and any other property seized by the department. Employees in this service are trained in evidence collection, preservation, and documentation as well as processing for additional evidence, including fingerprinting and photography. This service is also responsible for the timely transfer of evidence to the DPS Crime Lab for additional processing and testing, and may be called on to assist in evidence collection, preservation, and processing at the scene of a major crime.

Index Crime Analysis

Uniform Crime Reporting

Copperas Cove participates in the Uniform Crime Reporting (UCR) program, along with most law enforcement agencies across the country. UCR is a uniform manner of collecting information on crimes on a national basis, identifying crimes by their nature, not by what they are called in each individual state. UCR makes possible the analysis of crime trends primarily through the Crime Index.

In addition, certain other statistical analysis are gathered by this department for the purpose of this report.

The UCR Crime Index

To track the variations in crime, the UCR data collection program uses a statistical summary tool referred to as the Crime Index. Rather than collecting reports of all crimes that were committed in a particular year, UCR collects the reports of seven index crimes. The crimes in this group are all serious, either by their very nature or because of the frequency with which they occur, and present a common enforcement problem to police agencies. Arson is an index crime in that the number of reported offenses are collected, Arson is not a part of the Crime Index. The seven Index Crimes are as follows and are listed as they appear on the list of UCR Crime Index lists, with arson being included:

1. Murder
2. Rape
3. Robbery
4. Aggravated Assault
5. Burglary
6. Larceny
7. Motor Vehicle Theft
8. Arson

1. Murder

Murder and non-negligent manslaughter, as defined in the UCR program, is the willful killing of one human being by another.

This offense category includes any death due to a fight, argument, quarrel, assault, or commission of a crime. Attempted murder and assaults with the intent to kill are not counted as murder, but are included as aggravated assaults. Suicides, accidental deaths, traffic fatalities, and justifiable homicides are also excluded from the murder classification.

The classification of this offense, as well as for all Index Crimes, is based solely on police investigation and not upon determinations by courts, medical examiners, coroners, juries, or other judicial bodies.

There was one murder in Copperas Cove for the year 2005.

Chapter 3

Index Crime Analysis

2. Rape

Rape, as defined in the Uniform Crime Reporting Program, is the carnal knowledge of a female forcibly and against her will. In Texas, forcible rape is called Aggravated Sexual Assault. Statistics reported in this crime category include assaults to commit forcible rape, however, statutory rape (rape against a female under the age of consent) and sexual assaults on males are excluded.

During 2005, there were 23 rapes (aggravated sexual assaults) in Copperas Cove. 2005 showed an increase over 2004, which had 19.

3. Robbery

Robbery, in the Uniform Crime Reporting program, is defined as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force, threat, or violence, or by putting the victim in fear.

Robbery is a violent crime that frequently results in injury to the victim. Included in this category are assaults to commit robbery and attempted robberies.

During 2005, there were 25 reported robberies, 4 of which were shoplifting incidents that turned into robbery. The total property loss for 2005 as a result of robbery was \$18,846, which is an increase over 2004, which had a total loss of \$6,520 as a result of robbery.

Robbery during 2005 showed a 19% increase over robbery in 2004, from 21 in 2004 to 25 in 2005.

Chapter 3

Index Crime Analysis

4. Aggravated Assault

Aggravated Assault is defined in the Uniform Crime Reporting program as an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Statistics for Aggravated Assault include attempts to commit aggravated assault.

Aggravated Assault 2005		
	Reported	Cleared
January	2	2
February	3	3
March	2	3
April	3	2
May	5	3
June	9	6
July	3	4
August	7	4
September	3	1
October	3	0
November	8	3
December	11	7
TOTAL	59	38

The month of December showed the greatest number of aggravated assaults, having 11, with January and March having the fewest number, each having 2.

Of all reported aggravated assaults in 2005, 19 were committed with the use of firearms. Knives or cutting instruments were used in 24 of the aggravated assaults. Other dangerous weapons were used in 12 of the assaults. There were 4 assaults in which physical force was used to inflict a serious or aggravated injury.

During 2005 there were 59 reported aggravated assaults. The number of aggravated assaults decreased in 2005 over 2004, which had 63 aggravated assaults. This is a 6% decrease over 2004.

5. Burglary

Burglary, for Uniform Crime Reporting purposes, is the unlawful entry of a structure with the intent to commit a felony or a theft. While the use of force to gain entry is not required to classify an offense as burglary, attempted forcible entries to commit burglary are counted in this crime statistic.

Burglary, for UCR purposes, must be the unlawful entry of a structure. For this reason, Burglary of a Vehicle and Burglary of a Coin Operated Machine (Texas Penal Statutes) are not included in statistics for Burglary. These two are classified under Larceny (Theft) in UCR crime reporting.

For total number of burglaries, this was an overall decrease of 6% over 2004, which had 263 burglaries.

During 2005 the total property loss from Burglary totaled \$247,062.00 compared to \$352,542.00 in 2004, which is a 30% decrease in property loss.

There were a total of 247 structure burglaries during 2005. 188 of these burglaries were habitations and 59 were burglaries of other building structures. During 2004, there were 224 habitation burglaries and 39 other building burglaries, totaling 263 burglaries. During 2005, habitation burglaries decreased and building burglaries increased over 2004.

Juvenile Crime

Juvenile Cases

Juvenile cases are those crimes that are committed by a juvenile. A juvenile by state statute is a person younger than 17 years of age. Juvenile investigators as well as patrol officers are assigned to work with juvenile cases.

During 2005 there were 597 cases where the offender was known to be or suspected to be a juvenile. When a juvenile is a known offender or a probable offender, the cases are classified as a juvenile case.

Clearances, for the purpose of this report, follow the standards used to clear all cases according to the Uniform Crime Report. As in the UCR, cases can be cleared in two manners, cleared by arrest (includes citations issued) or cleared by exception.

Property recovery does not constitute a cleared case by itself. At least one offender in the case must be charged with the offense to clear a case by arrest.

CASES	REPORTED	CLEARED	% CLEARED
January	49	42	86%
February	39	34	87%
March	41	44	107%
April	68	55	81%
May	53	49	92%
June	44	36	82%
July	39	26	67%
August	44	34	77%
September	66	47	71%
October	61	45	74%
November	43	43	100%
December	50	28	56%
TOTAL	597	483	81%

Cases where the offender is completely unknown are classified as adult cases until further information indicated that the probable offender was a juvenile. For this reason, cases originally reported as an adult case may later be classified as a juvenile case.

Of the 597 reported juvenile cases, 483 were solved during 2005. This equals a 81% clearance rate for known juvenile cases.

During 2004, there were 513 reported juvenile cases, with 474 of them being cleared. On comparing 2004 to 2005, we find a 16% increase in the number of juvenile cases reported to the department.

Of the known juvenile cases reported to the department in 2005, 114 of them were Runaway cases. During the previous year, there were 97 reported runaways. This year shows an increase in the number of Runaway cases.

During 2005, there were no hard citations issued to juveniles for curfew violation, and no hard citations issued to a parent whose child committed the violation after having received a warning, and one previous hard citation. 76 curfew warnings were issued during 2005 to juveniles.

Citations

This section will provide information concerning citations that were issued by officers. Primarily, citations are issued for traffic violations; however, citations can be issued for Class C Misdemeanor charges. Some of these charges might include Curfew Violation, Drunk in Public, Assault by Contact, Theft under \$50, and others. This section will give information about all citations issued.

During the year of 2005, there were 8,399 citations issued for various offenses. This is an increase of 4% over last year, which showed 8,049 citations issued.

For the purpose of analysis, citations will be broken down into three categories. The first will be *traffic citations*. The second will be all *other Class C Misdemeanor* citations. The third section will be *warning citations*. The first two are called “hard citations” because these citations require the offender to make an appearance in court and on conviction require the settlement of a penalty. Warning citations are tickets that are warnings only to the offender – they do not require the offender to appear at the court. They may, however, require the offender to take necessary steps to repair the vehicle in the case of equipment violations.

Traffic Violations

Of the 8,399 hard citations issued during the year of 2005, 7,074 were classified as traffic violations. This is 84% of all citations. Of the total citations, 405 or 5% were Traffic Accident related Citations.

Citations of this class involve violations of the law dealing with traffic and other vehicle violations such as expired inspection stickers, expired driver’s license and no insurance.

Copperas Cove Police Department

Racial Profiling Report

Introduction

Racial Profiling is defined by Texas law as a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. There are two corollary principles that follow from adopting this definition of racial profiling:

- 1) police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, and
- 2) police may use race or ethnicity to determine whether a person matches a specific description of a particular suspect.

One of the most important steps in addressing a problem is acknowledging its existence. The problem of racial profiling is complex and multifaceted. The majority of police officers are hard-working public servants who perform a dangerous job with dedication and honor. However, the perception that some police officers are engaging in racial profiling has created resentment and distrust of the police, particularly in minority communities. When law enforcement practices are perceived to be biased, unfair, or disrespectful, individuals as well as entire communities are less willing to trust and confide in police officers, report crimes, and participate in problem solving communities.

Since January 1, 2002, the Copperas Cove Police Department, in accordance with the Texas Racial Profiling Law (S.B. No. 1074), has been collecting police contact data for the purpose of identifying and responding (if necessary) to concerns regarding racial profiling practices. It is our hope that the findings provided in this report will serve as evidence that the Copperas Cove Police Department continues to strive towards the goal of maintaining strong relations with the community.

In this report, the reader will encounter several sections designed at providing background information on the rationale and objectives of the Texas Racial Profiling Law. Other sections contain information relevant to the institutional policies adopted by the Copperas Cove Police Department banishing the practice of racial profiling among its officers.

The final components of this report provide statistical data relevant to the public contacts made during the period of January 1, 2005 and December 31, 2005. This information has been analyzed and compared to the data from the Census 2000 Summary for the city of Copperas Cove and the Texas Fair Roads Standard. It is our sincere hope that the channels of communication between community leaders and the Copperas Cove Police Department continue to strengthen as we move forward to meet the challenges of the near future.

Copperas Cove Police Department

Racial Profiling Report

Section 1 Department Policy on Racial Profiling

I. PURPOSE AND POLICY

This Racial Profiling Policy is adopted in compliance with the requirements of Articles 2.131 through 2.136, Texas Code of Criminal Procedure, which prohibits Texas peace officers from engaging in racial profiling.

II. DEFINITIONS

- A. **Racial Profiling:** means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants, persons needing assistance, or other citizen contacts.
- B. **Race or Ethnicity:** means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.
- C. **Acts Constituting Racial Profiling:** are acts initiating law enforcement action, such as a traffic stop, a detention, a search, issuance of a citation, or an arrest based solely upon an individual's race, ethnicity, or national origin or on the basis of racial or ethnic stereotypes, rather than upon the individual's behavior, information identifying the individual as having possibly engaged in criminal activity, or other lawful reasons for the law enforcement action.
- D. **Pedestrian Stop:** means an interaction between a peace officer and an individual who is being detained for the purposes of a criminal investigation in which the individual is not under arrest.
- E. **Traffic Stop:** means the stopping of a motor vehicle by a peace officer for an alleged violation of law or ordinance regulating traffic.

III. PROHIBITION

- A. Peace officers of the City of Copperas Cove are strictly prohibited from engaging in racial profiling.
- B. The prohibition against racial profiling does not preclude the use of race, ethnicity, or national origin as factors in a detention decision by a peace officer. Race, ethnicity, or national origin may be legitimate factors in such a decision when used as part of a description of a suspect or witness for whom a peace officer is searching.

IV. COMPLAINT PROCESS AND PUBLIC EDUCATION

- A. Any person who believes that a peace officer employed by the City has engaged in racial profiling with respect to that person may file a complaint with the City, and no person shall be discouraged, intimidated, or coerced from filing such a complaint, or be discriminated against because they have filed such a complaint.

Copperas Cove Police Department

Racial Profiling Report

- B. The City shall accept and investigate citizen complaints alleging racial profiling by its peace officers. Such complaints shall be in writing, or the city employee, officer, or official receiving the complaint should reduce the same to writing, and should include the time, place, and details of the incident of alleged racial profiling, the identity or description of the peace officer or officers involved, and the identity and manner of contacting the complainant.
- C. Any peace officer, city employee, or city official who receives a citizen complaint alleging racial profiling shall forward the complaint to the Chief of Police within 12 hours of receipt of the complaint.
- D. Receipt of each complaint shall be acknowledged to the complainant in writing, all such complaints shall be reviewed and investigated by the Division Lieutenant within a reasonable period of time, and the results of the Division Lieutenant's review and investigation shall be filed with the Chief of Police and with the complainant.
- E. In investigating a complaint alleging racial profiling, the Division Lieutenant shall seek to determine if the officer who is the subject of the complaint has engaged in a pattern of racial profiling that includes multiple acts constituting racial profiling for which there is no reasonable, credible explanation based on established police and law enforcement procedures. A single act constituting racial profiling may not be considered a pattern of racial profiling, and shall not be grounds for corrective action.
- F. In the event that a complaint of racial profiling filed by an individual involves an occurrence that was recorded on audio or video, the Division Lieutenant shall, upon commencement of the investigation of the complaint and upon written request of the officer, promptly provide a copy of the recording to the peace officer that is a subject of the complaint.
- G. The police department shall provide education to the public concerning the racial profiling complaint process. A summary of the public education efforts made during the preceding year shall be included with the annual report filed with the governing body of the City of Copperas Cove under Part VI below.

V. CORRECTIVE ACTION

Any peace officer who is found, after investigation, to have engaged in racial profiling in violation of this policy shall be subject to corrective action, which may include reprimand; diversity, sensitivity or other appropriate training or counseling; paid or unpaid suspension; termination of employment, or other appropriate action as determined by the Chief of Police.

VI. COLLECTION OF INFORMATION AND ANNUAL REPORT WHEN CITATION ISSUED OR ARREST MADE

- A. For each traffic stop in which a citation is issued and for each arrest resulting from such traffic stops, a peace officer involved in the stop shall collect information identifying the race or ethnicity of the person detained, stating whether a search was conducted, and if a search was conducted, whether the person detained consented to the search.

Copperas Cove Police Department

Racial Profiling Report

- B. The information collected shall be compiled in an annual report covering the period January 1 through December 31 of each year, and shall be submitted to the governing body of the City of Copperas Cove no later than March 1 of the following year.
- C. The annual report shall not include identifying information about any individual stopped or arrested, and shall not include identifying information about any peace officer involved in a stop or arrest.

VII. AUDIO AND VIDEO EQUIPMENT

- A. The Chief of Police shall, immediately upon enactment of this policy, commence examination of the feasibility of installing video camera equipment and transmitter-activated equipment in each City motor vehicle regularly used to make traffic stops, and transmitter-activated equipment in each City motorcycle regularly used to make traffic stops, and shall report to the governing body of the City of Copperas Cove on the findings of such examination no later than six months following enactment of this policy. The report shall include funding options available to the City, including any funding available through the Department of Public Safety.
- B. In the event that the findings of such examination support the installation of such equipment, the governing body shall consider and take action on installing the equipment, applying for funding to secure and install such equipment, or such other action as the governing body considers appropriate. In the event the examination does not support installing such equipment, the Chief of Police shall periodically update the governing body on such feasibility.
- C. In the event that the governing body determines that funds are needed in order to install the equipment, it shall pass a resolution certifying that fact to the Department of Public Safety. On receipt of either sufficient funds or video and audio equipment, the governing body shall install video and transmitter-activated equipment in each motor vehicle regularly used to make traffic stops, and shall install transmitter-activated equipment on each motorcycle regularly used to make traffic stops, and the governing body shall pass a resolution certifying to the Department of Public Safety that such equipment has been installed and is being used to record each traffic and pedestrian stop made by a peace officer employed by the City that is capable of being recorded by video and audio or audio equipment, as appropriate.

VIII. REVIEW OF VIDEO AND AUDIO DOCUMENTATION-STANDARDS

- A. In the event that audio and video equipment is installed, each audio and video recording shall be retained for a minimum period of ninety (90) days unless a complaint is filed alleging that a peace officer of the City has engaged in racial profiling with respect to a traffic or pedestrian stop, in which case the recording shall be retained until final disposition of the complaint.
- B. In conjunction with preparation of the annual report required under Part VI above, the Patrol Lieutenant shall periodically conduct reviews of a randomly-selected

Copperas Cove Police Department

Racial Profiling Report

sampling of video and audio recordings made recently by peace officers employed by the City in order to determine if patterns of racial profiling exist.

- C. In reviewing audio and video recordings, the Patrol Lieutenant shall seek to determine if the officer who is involved therein has engaged in a pattern of racial profiling that includes multiple acts constituting racial profiling for which there is no reasonable, credible explanation based on established police and law enforcement procedures.
- D. A single act constituting racial profiling may not be considered a pattern of racial profiling, and shall not be grounds for corrective action.

IX. COLLECTION, COMPLIANCE, ANALYSIS, AND REPORTING REQUIREMENTS IN ABSENCE OF EITHER AUDIO AND VIDEO EQUIPMENT OR NON-FUNDING CERTIFICATION BY THE GOVERNING BODY

- A. In addition to the annual report required when citations are issued and arrests made, and so long as the City of Copperas Cove has not equipped all motor vehicles and motorcycles regularly used to make traffic and pedestrian stops with audio and video equipment, as applicable, and so long as the City has not or is not able to certify to the Department of Public Safety that it needs funds for such audio and video equipment but has not received such funds, then each peace officer of the City shall make the following report for each traffic and pedestrian stop:
 - 1. A physical description of each person detained as a result of the stop, including:

 - 7. The street address or approximate location of the stop; and
 - 8. Whether the officer issued a warning or a citation as a result of the stop, including a description of the warning or a statement of the violation charged.
- B. The information in each report shall be analyzed and compiled in a report that covers the period January 1 through December 31 of each year, and shall be

 2. Information relating to each complaint filed with the City alleging that a peace officer employed by the City had engaged in racial profiling.
- C. The report required by Part IX may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by an officer.
- D. The compilation of information, analysis, and report required by Part IX shall not be required for any calendar year during which:
1. The City has equipped all motor vehicles and motorcycles regularly used to make traffic and pedestrian stops with audio and video equipment, and each traffic and pedestrian stop made by a peace officer employed by the City that is capable of being recorded by video and audio or audio equipment, as appropriate, has been so recorded; or

Section 3 Baseline Data

Before statistics can be evaluated, it is necessary to define the baseline for comparison. Several methods for determining a baseline have been proposed throughout the state and none are perfect. There are shortcomings with each proposed method. Generally, the following methods for determining baselines have been suggested:

- (1) The ACLU's Fair Roads Standard that uses census data to determine the number of households with vehicles available.
- (2) Census data for specific jurisdictions such as the racial demographics for Copperas Cove.
- (3) Licensed driver data for the geographic area.

The Texas Fair Roads Standard uses Census data on the number of households with vehicles available to calculate a statistical baseline by which departments can estimate the prevalence of racial profiling as required in Texas state law. This method tends to exclude the poorer families who may share vehicles with other members of their family not living in the same residence or others who drive periodically for various reasons. In the specific area of Southern Coryell County, it tends to exclude untold numbers of soldiers who were not counted in the census as being residents of Coryell County at all or who tend not to own a car but drive none the less.

Using Census data is problematic because of the regional nature of Copperas Cove. Due to Fort Hood, this area experiences a high fluctuation of not just population but also racial demographics. With the Census only being completed once every ten years, this baseline will become less and less accurate every year. Many of the personnel on Fort Hood are not native to the Central Texas area and may not be counted on the Census at all.

Driver license data is also difficult for this geographic area because large numbers of the area's population are not licensed drivers in Texas. Additionally, driver license data does not separate white from Hispanic drivers. They are considered the same by Texas DPS driver license data.

Additional concerns for baseline comparison arise from the evaluation of mixed race individuals. Officers are instructed to make their best estimate as to the race or ethnicity of a driver if they cannot gather the information from the driver license information. Many times individuals are encountered with those who are Hispanic but have an Anglo last name. A person who is black and Caucasian mixed may appear black but not have been counted as "one race" black by the census. And finally, a person may be a white Hispanic or black Hispanic. Black Hispanics would most likely be categorized as black by a police officer but counted as Hispanic in the census. There is and continues to be a concern regarding the Census undercounting of minorities.

With these many issues in mind, this report will utilize the "race alone or in combination with one or more other races" Census Data and the Fair Roads Standard Data for Copperas Cove.

Section 4 Department Statistics

Table 1

The Copperas Cove Police Department performed 10,557 traffic and pedestrian stops in CY 2005. Of these stops, 64% of the individuals were white, 23.6% were black, 9% were Hispanic, 3.5% were Asian and of other races. These statistics revealed no anomalies when compared to the baseline data and reflected very little change over CY 2004.

Table 2

6570 or 62.2% of the 10,557 stops were conducted on residents of Copperas Cove and 3987 or 37.8% were conducted on non-residents. This statistic reveals that a large percentage of police contacts are performed on individuals who reside outside of Copperas Cove making the available baseline data even less accurate. There is currently no system in place which measures the demographics of non-residents who visit, drive through, or work in Copperas Cove.

Table 3

Of the 10,557 stops, 4080 or 38.6% resulted in citations being issued with 7074 charges being filed. 63.9% were issued to white individuals, 23.5% were issued to black individuals, 9.1% were issued to Hispanic individuals, and 3.5% were issued to Asian and all other individuals. Like Table 1, these statistics revealed no anomalies when compared to the baseline data and reflected very little change over CY 2004.

Table 4

2523 or 61.8% of the 4080 citation stops were conducted on residents of Copperas Cove and 1557 or 38.2% were conducted on non-residents. Like Table 2, this statistic reveals that a large percentage of citation stops were conducted on individuals who reside outside of Copperas Cove.

Table 5

The Copperas Cove Police Department arrested or detained a total of 1951 individuals during CY 2005 with 1574 being adults (individuals over the age of 16). 504 or 25.8% of the 1951 arrests occurred during a stop. Of the 504 arrests, 56.8% were white, 32.7% were black, 9.3% were Hispanic, and 1.2% were Asian and of other races.

Statistics also revealed that of the 1574 total adult arrests, 807 or 51.3% of the arrests involved warrants being issued from a court. The remaining 767 or 48.7% were based on the officer's discretion. When broken down, a discrepancy is revealed among the five race categories. This discrepancy reflects not only in the arrest percentages but also in the search percentages since the

Copperas Cove Police Department

Racial Profiling Report

majority of searches are performed after an arrest is made. The breakdown of total adult arrests compared to warrant arrests by race is as follows;

White – 439 out of 890 total arrests or 49.3% of arrests were for warrants.

Black – 310 out of 544 total arrests or 57% of arrests were for warrants.

Hispanic – 45 out of 112 total arrests or 40.2% of arrests were for warrants.

Asian – 7 out of 14 total arrests or 50% of arrests were for warrants.

Other – 6 out of 14 total arrests or 42.9% of arrests were for warrants.

Table 6

A review of these same 10,557 stops revealed that arrests were made only on 504 of the stops which is a frequency of 4.8% or about once every 21 stops. 4.2% of white individuals stopped were arrested, 6.6% for black individuals, 5% for Hispanics, 1% for Asians, and 2.5% for all other races.

Table 7

328 or 65% of the 504 arrests were against residents of Copperas Cove and 176 or 35% were against non-residents. Like Tables 2 and 4, this statistic reveals that a large percentage of arrests are against individuals who reside outside of Copperas Cove.

Table 8

Of the 10,557 stops, 696 searches were performed. Of these 696 searches, 208 were based on the consent of the individual and 488 were based on probable cause, incident to an arrest, or a vehicle inventory. 55.9% of those searched were white, 33% were black, 9.6% were Hispanic, and 1.5% were Asian and of other races.

Table 9

An analysis of searches shows that a search was performed on 6.6% of all stops or about once every 15 stops. 5.8% of white individuals stopped were searched, 9.2% for black individuals, 7.1% for Hispanics, 1.4% for Asians, and 5% for all other races.

Table 10

443 or 63.6% of the 696 searches were conducted on residents of Copperas Cove and 253 or 36.4% were on non-residents. Like Tables 2, 4, and 7, this statistic reveals that a large percentage of arrests are against individuals who reside outside of Copperas Cove.

The law requires no discussion of formal complaints filed against the department or any individual officers for racial profiling but it should be known that during the calendar year of 2005, the Copperas Cove Police Department received no formal complaints for racial profiling.

Cleared by Arrest or Exceptional Means

– For Uniform Crime Reporting purposes, an offense is cleared by arrest or solved when at least one person is arrested, charged with the commission of an offense and turned over to court for prosecution. In certain situations, police are not able to follow these three steps, and if the following four conditions can be met, the offense can be cleared exceptionally: (1) the investigation has definitely established the identity of the offender; (2) there is enough information to support an arrest, charge and turning over to the court for prosecution; (3) the exact location of the offender is known so that he/she could be taken into custody; (4) there is some reason outside the police control that prevents the arresting, charging, and prosecuting of the offender. Unless otherwise indicated, this report follows UCR standards for clearing cases by arrest or exceptional means.
