Copperas Cove Police Department Mural

COPPERAS COVE, TEXAS – The Copperas Cove Police Department would like to take the opportunity to publicly express our gratitude to Linda Lapierre and the members of the Five Hills Art Guild. Last week, nine members of the Art Guild spent over 75 manhours over the course of four days at our facility working to construct their latest piece of art (photos attached).

The rear entrance and stairwell of the police facility is primarily used for staff members so it's the very first thing we see when entering the building to start the day. This area is painted with different shades of gray and is rather hard and dull. Linda and her team worked with the Police Department to come up with something that would brighten the area and bring life into what we see every day when we come to work. The mission was accomplished and we truly appreciate the Art Guild's hard work and dedication in getting this done for us.

This project serves as another example of our efforts in developing, building, and strengthening the partnerships with all organizations throughout the City of Copperas Cove. The mission of the Five Hills Art Guild is to build an association of artists and art enthusiasts to share knowledge, experience, and to promote visual arts within the community. We encourage everyone to learn more about the great things the Art Guild is doing for the community and come out to support the Five Hills Art Festival taking place on March 30th & 31st, 2019 at Ogletree Gap.
