

IN A MOVING VEHICLE

- If there is an **explosion** or other factor that makes it difficult to control the vehicle, **pull over, stop the car** and **set the parking brake**.
- If the emergency could impact the physical stability of the roadway, **avoid overpasses, bridges, power lines, signs** and other hazards.
- If a power line falls on your car you are at risk of **electrical shock**, stay inside until a trained person removes the wire.
- **Listen** to the radio **for information and instructions as they become available**.
