

Solid Waste collections resumed today with efforts focused on commercial collections. Crews were out beginning around 12pm and made great headway in getting trash collected and to the Transfer Station. The City's contracted landfill will be back open tomorrow and we remain hopeful of getting trash transported out of our facility and moving that way.

Collections will be focused tomorrow, Saturday, February 20th on residential Areas 7 and 8, followed by Areas 5 and 6. These four areas have been established priority as they have been the longest without collections. ALL regularly scheduled operations are anticipated to resume as scheduled beginning Monday morning, to include Trash, Recycle, Bulk & Brush collections as detailed in the attached schedule. Customers will not be charged for overloaded containers, however please ensure sufficient space is left around the containers to allow for safe tipping. The Area Map may be located here for reference: https://www.copperascovetx.gov/files/solid_waste/sw_map.pdf.

The additional collection point will continue to be established at Town Square parking lot through Sunday, February 21st from 10am to 4pm, to support any residents needing to dispose of bagged household trash.

Modified Solid Waste Collection Schedule

Copperas Cove, Texas – City of Copperas Cove Modified Solid Waste Collection Schedule is as follows:

Date	Trash Collection	Recycle, Brush & Bulk
