Notice of Water Service Interruption

Copperas Cove, Texas – The City of Copperas Cove Water Department plans to complete necessary water repairs this evening. This process will take place this evening at midnight to avoid business hours and provide less of an impact to residents. In order to accomplish this repair, it will be necessary to turn off the water to the following addresses:

Tienert and S. 2nd Street
S. 2nd Street and Robertson
Robertson and Turner
Shady and Clara
Morris and Tienert

Interruption of water service to these locations is not expected to exceed 4 hours, barring any unforeseen issues arising with repairs.

The City sincerely apologizes in advance for this inconvenience and the disruption to your daily operations. **Due to health regulations food preparation and personal service businesses will be required to cease operations during the water service disruption period. Following completion of the repair all affected areas listed above will be under a boil water notice. Other business types can continue to operate during water disruption provided that measures are taken to ensure that basic needs (restroom facility options, bottled water for employees, etc.) are maintained.**

For all other questions, concerns, or updates on progress of the water line repair, please reach out to Corey Chambers (Water Superintendent) for assistance at (254) 813-1789 or Public Works at (254) 547-0751.
