

## **PUBLIC INFORMATION AND FLOOD INFORMATION ASSISTANCE**

The City's Planning Services Department provides floodplain information to residents and is located at 914 S. Main St. Suite D, Copperas Cove, TX 76522. The department provides comprehensive flood information to the public by calling (254) 547-4221 or visiting in person.

The Planning Services Department provides flood information, including flood insurance rate map information for specific addresses, floodplain permits for proposed or existing structures, data on historical flooding in the City, and copies of as-built Elevation Certificates, upon request.

The City also assists residents with guidance on flood proofing, and other mitigation techniques, to reduce flood damage, along with funding options for mitigating flood risk to your property.
