CCPD Satisfaction Survey

Copperas Cove, Texas – The Copperas Cove Police Department has created a survey to gather feedback from residents and visitors of the city. This survey gives people the opportunity to express comments or concerns regarding improvement directly to the Police Department.

The goal of the survey is to gauge satisfaction levels and gather valuable input regarding priority issues in the community. In addition, we desire feedback about your experiences with members of the Copperas Cove Police Department.

We are excited about this survey because it is another avenue to allow the public an opportunity to reach out and provide input which could improve the Police Department. We encourage the community to complete the survey to continue working together on improving the quality of life in the city.

The survey can be located on the City of Copperas Cove website at:
<https://www.copperascovetx.gov/police/copperas-cove-police-department-citizen-survey/>
