Racial Profiling Report

Introduction

Racial Profiling is defined by Texas law as a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. There are two corollary principles that follow from adopting this definition of racial profiling:

- 1) police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, and
- 2) police may use race or ethnicity to determine whether a person matches a specific description of a particular suspect.

One of the most important steps in addressing a problem is acknowledging its existence. The problem of racial profiling is complex and multifaceted. The majority of police officers are hard-working public servants who perform a dangerous job with dedication and honor. However, the perception that some police officers are engaging in racial profiling has created resentment and distrust of the police, particularly in minority communities. When law enforcement practices are perceived to be biased, unfair, or disrespectful, individuals as well as entire communities are less willing to trust and confide in police officers, report crimes, and participate in problem solving communities.

Since January 1, 2002, the Copperas Cove Police Department, in accordance with the Texas Racial Profiling Law (S.B. No. 1074), has been collecting police contact data for the purpose of identifying and responding (if necessary) to concerns regarding racial profiling practices. It is our hope that the findings provided in this report will serve as evidence that the Copperas Cove Police Department continues to strive towards the goal of maintaining strong relations with the community.

In this report, the reader will encounter several sections designed at providing background information on the rationale and objectives of the Texas Racial Profiling Law. Other sections contain information relevant to the institutional policies adopted by the Copperas Cove Police Department banishing the practice of racial profiling among its officers.

The final components of this report provide statistical data relevant to the public contacts made during the period of January 1, 2013 and December 31, 2013. This information has been analyzed and compared to the data from the US Census Bureau 2005-2009 American Community Survey for the City of Copperas Cove and the US Census 2010 Texas Fair Roads Standard. It should be noted that there was no population data available for Middle Eastern individuals and no Fair Roads data for American Indian or Middle Eastern individuals. It is our sincere hope that the channels of communication between community leaders and the Copperas Cove Police Department continue to strengthen as we move forward to meet the challenges of the near future.

Section 1 Department Policy on Racial Profiling

I. PURPOSE AND POLICY

This Racial Profiling Policy is adopted in compliance with the requirements of Articles 2.131 through 2.136, Texas Code of Criminal Procedure, which prohibits Texas peace officers from engaging in racial profiling.

II. DEFINITIONS

- A. **Racial Profiling:** means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants, persons needing assistance, or other citizen contacts.
- B. **Race or Ethnicity:** means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.
- C. **Acts Constituting Racial Profiling:** are acts initiating law enforcement action, such as a traffic stop, a detention, a search, issuance of a citation, or an arrest based solely upon an individual's race, ethnicity, or national origin or on the basis of racial or ethnic stereotypes, rather than upon the individual's behavior, information identifying the individual as having possibly engaged in criminal activity, or other lawful reasons for the law enforcement action.
- D. **Pedestrian Stop:** means an interaction between a peace officer and an individual who is being detained for the purposes of a criminal investigation in which the individual is not under arrest.
- E. **Traffic Stop:** means the stopping of a motor vehicle by a peace officer for an alleged violation of law or ordinance regulating traffic.

III. PROHIBITION

- A. Peace officers of the City of Copperas Cove are strictly prohibited from engaging in racial profiling.
- B. The prohibition against racial profiling does not preclude the use of race, ethnicity, or national origin as factors in a detention decision by a peace officer. Race, ethnicity, or national origin may be legitimate factors in such a decision when used as part of a description of a suspect or witness for whom a peace officer is searching.

IV. COMPLAINT PROCESS AND PUBLIC EDUCATION

- A. Any person who believes that a peace officer employed by the City has engaged in racial profiling with respect to that person may file a complaint with the City, and no person shall be discouraged, intimidated, or coerced from filing such a complaint, or be discriminated against because they have filed such a complaint.
- B. The City shall accept and investigate citizen complaints alleging racial profiling by its peace officers. Such complaints shall be in writing, or the city employee, officer, or official receiving the complaint should reduce the same to writing, and should include the time, place, and details of the incident of alleged racial profiling, the identity or description of the peace officer or officers involved, and the identity and manner of contacting the complainant.
- C. Any peace officer, city employee, or city official who receives a citizen complaint alleging racial profiling shall forward the complaint to the Chief of Police immediately.
- D. Receipt of each complaint shall be acknowledged to the complainant in writing, all such complaints shall be reviewed and investigated by the Division Lieutenant within a reasonable period of time, and the results of the Division Lieutenant's review and investigation shall be filed with the Chief of Police and with the complainant.
- E. In investigating a complaint alleging racial profiling, the Division Lieutenant shall seek to determine if the officer who is the subject of the complaint has engaged in a pattern of racial profiling that includes multiple acts constituting racial profiling for which there is no reasonable, credible explanation based on established police and law enforcement procedures. A single act constituting racial profiling may not be considered a pattern of racial profiling, and may not be grounds for corrective action.
- F. In the event that a complaint of racial profiling filed by an individual involves an occurrence that was recorded on audio or video, the Division Lieutenant shall, upon commencement of the investigation of the complaint and upon written request of the officer, promptly provide a copy of the recording to the peace officer that is a subject of the complaint.
- G. The police department shall provide education to the public concerning the racial profiling complaint process. A summary of the public education efforts made during the preceding year shall be included with the annual report filed with the governing body of the City of Copperas Cove under Part VI below.

V. CORRECTIVE ACTION

Any peace officer who is found, after investigation, to have engaged in racial profiling in violation of this policy shall be subject to corrective action, which may include reprimand; diversity, sensitivity or other appropriate training or counseling; paid or unpaid suspension; termination of employment, or other appropriate action as determined by the Chief of Police.

VI. COLLECTION OF INFORMATION AND ANNUAL REPORT WHEN CITATION ISSUED OR ARREST MADE

- A. For each traffic stop in which a citation is issued and for each arrest resulting from such traffic stops, a peace officer involved in the stop shall collect information identifying the race or ethnicity of the person detained, stating whether a search was conducted, and if a search was conducted, whether the person detained consented to the search.
- B. The information collected shall be compiled in an annual report covering the period January 1 through December 31 of each year, and shall be submitted to the governing body of the City of Copperas Cove no later than March 1 of the following year.
- C. The annual report shall not include identifying information about any individual stopped or arrested, and shall not include identifying information about any peace officer involved in a stop or arrest.

VII. AUDIO AND VIDEO EQUIPMENT

- A. The Chief of Police shall, immediately upon enactment of this policy, commence examination of the feasibility of installing video camera equipment and transmitter-activated equipment in each City motor vehicle regularly used to make traffic stops, and transmitter-activated equipment in each City motorcycle regularly used to make traffic stops, and shall report to the governing body of the City of Copperas Cove on the findings of such examination no later than six months following enactment of this policy. The report shall include funding options available to the City, including any funding available through the Department of Public Safety.
- B. In the event that the findings of such examination support the installation of such equipment, the governing body shall consider and take action on installing the equipment, applying for funding to secure and install such equipment, or such other action as the governing body considers appropriate. In the event the examination does not support installing such equipment, the Chief of Police shall periodically update the governing body on such feasibility.
- C. In the event that the governing body determines that funds are needed in order to install the equipment, it shall pass a resolution certifying that fact to the Department of Public Safety. On receipt of either sufficient funds or video and audio equipment, the governing body shall install video and transmitter-activated

VIII. REVIEW OF VIDEO AND AUDIO DOCUMENTATION-STANDARDS

- A. In the event that audio and video equipment is installed, each audio and video recording shall be retained for a minimum period of ninety (90) days unless a complaint is filed alleging that a peace officer of the City has engaged in racial profiling with respect to a traffic or pedestrian stop, in which case the recording shall be retained until final disposition of the complaint.
- B. In conjunction with preparation of the annual report required under Part VI above, the Patrol Lieutenant shall periodically conduct reviews of a randomly-selected sampling of video and audio recordings made recently by peace officers employed by the City in order to determine if patterns of racial profiling exist.
- C. In reviewing audio and video recordings, the Patrol Lieutenant shall seek to determine if the officer who is involved therein has engaged in a pattern of racial profiling that includes multiple acts constituting racial profiling for which there is no reasonable, credible explanation based on established police and law enforcement procedures.
- D. A single act constituting racial profiling may not be considered a pattern of racial profiling, and shall not be grounds for corrective action.

IX. COLLECTION, COMPLIANCE, ANALYSIS, AND REPORTING REQUIREMENTS IN ABSENCE OF EITHER AUDIO AND VIDEO EQUIPMENT OR NON-FUNDING CERTIFICATION BY THE GOVERNING BODY

- A. In addition to the annual report required when citations are issued and arrests made, and so long as the City of Copperas Cove has not equipped all motor vehicles and motorcycles regularly used to make traffic and pedestrian stops with audio and video equipment, as applicable, and so long as the City has not or is not able to certify to the Department of Public Safety that it needs funds for such audio and video equipment but has not received such funds, then each peace officer of the City shall make the following report for each traffic and pedestrian stop:

Section 3 Baseline Data

Before statistics can be evaluated, it is necessary to define the baseline for comparison. Several methods for determining a baseline have been proposed throughout the state and none are perfect. There are shortcomings with each proposed method. Generally, the following methods for determining baselines have been suggested:

- (1) The ACLU's Fair Roads Standard that uses census data to determine the number of households with vehicles available.
- (2) Census data for specific jurisdictions such as the racial demographics for Copperas Cove.
- (3) Licensed driver data for the geographic area.

The Texas Fair Roads Standard uses Census data on the number of households with vehicles available to calculate a statistical baseline by which departments can estimate the prevalence of racial profiling as required in Texas state law. This method tends to exclude the underprivileged families who may share vehicles with other members of their family not living in the same residence or others who drive periodically for various reasons. In the specific area of Southern Coryell County, it tends to exclude untold numbers of soldiers who were not counted in the census as being residents of Coryell County at all or who tend not to own a car but drive none the less.

Using Census data is problematic because of the regional nature of Copperas Cove. Due to Fort Hood, this area experiences a high fluctuation of not just population but also racial demographics. With the Census only being completed once every ten years, this baseline will become less and less accurate every year. Many of the personnel on Fort Hood are not native to the Central Texas area and may not be counted on the Census at all.

Driver license data is also difficult for this geographic area because large numbers of the area's population are not licensed drivers in Texas. Additionally, driver license data does not separate white from Hispanic drivers. They are considered the same by Texas DPS driver license data.

Additional concerns for baseline comparison arise from the evaluation of mixed race individuals. Officers are instructed to make their best estimate as to the race or ethnicity of a driver if they cannot gather the information from the driver license information. Many times individuals are encountered with those who are Hispanic but have an Anglo last name. A person who is black and Caucasian mixed may appear black but not have been counted as "one race" black by the census. And finally, a person may be a white Hispanic or black Hispanic. Black Hispanics would most likely be categorized as black by a police officer but counted as Hispanic in the census. There is and continues to be a concern regarding the Census undercounting of minorities.

With these many issues in mind, this report will utilize the "race alone or in combination with one or more other races" Census Data and the Fair Roads Standard Data for Copperas Cove.

Section 4 Department Statistics

Table 1

The Copperas Cove Police Department performed 12,351 traffic and pedestrian stops in CY 2013. Of these stops, 58.1% of the individuals were white, 27.7% were black, 11.2% were Hispanic, 2.3% were Asian, 0.5% was American Indian, and 0.2% was Middle Eastern. These statistics revealed no anomalies when compared to the baseline data. Although there was a decrease of 3,996 stops over the previous year, the percentage of stops on each race reflected very little change over CY 2012.

Table 2

8,513 or 68.9% of the 12,351 stops were conducted on residents of Copperas Cove and 3,838 or 31.1% were conducted on non-residents. This statistic reveals that a large percentage of police contacts are performed on individuals who reside outside of Copperas Cove making the available baseline data even less accurate. There is currently no system in place which measures the demographics of non-residents who visit, drive through, or work in Copperas Cove.

Table 3

The officer was unaware of the race or ethnicity of the driver or pedestrian prior to making the stop on 11,837 or 95.8% of the 12,351 stops. This statistic reveals that a large percentage of police contacts are performed on individuals prior to any knowledge of race or ethnicity.

Table 4

Of the 12,351 stops, 4,713 or 38.2% resulted in citations being issued. A total of 7,077 charges were filed. 58.8% were issued to white individuals, 26.1% were issued to black individuals, 12.2% were issued to Hispanic individuals, 2.1% were issued to Asian individuals, and the remaining 0.8% was issued to American Indian and Middle Eastern individuals. Like Table 1, these statistics revealed no anomalies when compared to the baseline data and reflected very little change over CY 2012.

Table 5

3,097 or 65.7% of the 4,713 citation stops were conducted on residents of Copperas Cove and 1,616 or 34.3% were conducted on non-residents. Like Table 2, this statistic reveals that a large percentage of citation stops were conducted on individuals who reside outside of Copperas Cove.

Racial Profiling Report

Table 6

The Copperas Cove Police Department arrested or detained a total of 1,593 individuals during CY 2013 with 1,388 being adults (individuals over the age of 16). 324 or 20.3% of the 1,593 arrests occurred during a stop. Of the 324 arrests, 54.3% were white, 32.1% were black, 11.4% were Hispanic, 0.7% was American Indian and 1.5% were American Indian or Middle Eastern.

Statistics also revealed that of the 1,388 total adult arrests, 715 or 51.5% of the arrests involved warrants being issued from a court. The remaining 673 or 48.5% were based on the officer's discretion. When broken down, a discrepancy is revealed among the four most common race categories. This discrepancy reflects not only in the arrest percentages but also in the search percentages since the majority of searches are performed after an arrest is made. The breakdown of total adult arrests compared to warrant arrests by race is as follows;

White – 375 out of 726 total arrests or 51.7% of arrests were for warrants.
Black – 256 out of 471 total arrests or 54.4% of arrests were for warrants.
Hispanic – 69 out of 157 total arrests or 43.9% of arrests were for warrants.
Asian – 12 out of 28 total arrests or 42.9% of arrests were for warrants.

Table 7

A review of these same 12,351 stops revealed that arrests were made on 324 of the stops which is a frequency of 2.6% or about once every 38 stops. 2.5% of white individuals stopped were arrested, 3.0% for black individuals, 2.7% for Hispanics, 0.7% for Asians and 5.7% for American Indian and Middle Eastern.

Table 8

237 or 73.1% of the 324 arrests were for residents of Copperas Cove and 87 or 26.9% were for non-residents. Like Tables 2 and 5, this statistic reveals that a large percentage of arrests are against individuals who reside outside of Copperas Cove.

Table 9

Of the 324 arrests, 48 involved an individual who also received a citation for a Transportation Code violation. 47.9% of those arrested and cited were white, 39.6% were black, 8.3% were Hispanic and 4.2% was Middle Eastern or American Indian. None were Asian.

Table 10

36 or 75% of the 48 arrested and cited were residents of Copperas Cove and 12 or 25% were for non-residents. Like Tables 2, 5, and 8 this statistic reveals that a large percentage of those arrested and cited are individuals who reside outside of Copperas Cove.

Table 11

Of the 12,351 stops, 552 searches were conducted. Of these 552 searches, 208 were based on consent from the individual and 344 were based on probable cause, incident to an arrest, or a vehicle inventory. 53.4% of those searched were white, 35% were black, 9.6% were Hispanic, 1.1% were Asian, and 0.9% were American Indian or Middle Eastern.

Table 12

An analysis of searches shows that a search was performed on 4.5% of all stops or about once every 22 stops. 4.1% of white individuals stopped were searched, 5.6% for black individuals, 3.8% for Hispanics, 2.2% for Asians, and 5.7% for American Indians or Middle Eastern.

Table 13

377 or 68.3% of the 552 searches were conducted on residents of Copperas Cove and 175 or 31.7% were on non-residents. Like Tables 2, 5, 8, and 10 this statistic reveals that a large percentage of searches are conducted on individuals who reside outside of Copperas Cove.

The law requires no discussion of formal complaints filed against the department or any individual officers for racial profiling but it should be known that during the calendar year of 2013, the Copperas Cove Police Department did not receive any formal complaints for racial profiling.
